## BORAH WILL NOT LEAD THIRD PARTY IN 1924

### IDAHO SENATOR SAYS HE POSITIVELY WILL NOT RUN FOR OFFICE

**Says Harding Will be Nominated by Acclamation—Regards Democratic Situation as More Perplexing—If There is a Third Party He Believes That Ford Will Lead It**

(By The Associated Press)  
SPOKANE, Wash., June 23.—Unqualified assertion that he "will not be a presidential candidate" and "will not lead a third party" was made by United States Senator William E. Borah, of Idaho, here today while he was in a barber's chair. He was on his way to Couer d'Alene, Idaho, where he was to address a farmers' convention.

He expressed the opinion that President Harding will be nominated by acclamation in the Republican National convention, but said the Democratic situation in his opinion was "perplexing." He mentioned William G. McAdoo, Governor Smith of New York, Henry Ford and Oscar Underwood as "likely Democratic nominees" and said Ford should not be regarded as a joke as a presidential possibility.

### ALLIES AND TURKS STILL UNABLE TO REACH AGREEMENT

**Turks Refuse to Discuss problem of Concessions**

(By The Associated Press)  
LAUSANNE, June 23.—The attempt today by the allies and Turks to clarify the critical situation which has arisen in the Near East conference was successful in one way, disastrous in another. Towards the end of the session which lasted well into the night, the Turks announced that they could not discuss the problem of concessions at Lausanne until the question of the evacuation of foreign troops from Turkey and the question of the Ottoman debt were satisfactorily disposed of.

"I thank you for your frankness," declared Sir Horace Rumbold, the British plenipotentiary when the Turks made this disclosure, "and I will refer the matter to the government." The meeting got nowhere on the big unsettled questions.

### DIES AS RESULT OF ACCIDENT

(By The Associated Press)  
BLOOMINGTON, Ill., June 23.—Joseph Cunningham, who has been engaged upon the bridge work on the Carlock hard road for the past five weeks, died this morning at 2:45 o'clock due to an accident which happened Friday evening at Yuton, while he was mounting a tire on the wheel of a truck. The heavy tire had been blown up and placed upon rim of the wheel when the inner tube blew out. The adjustable wheel which had not yet been firmly put in place hit Mr. Cunningham in the forehead causing his death.

### Torrid Heat Wave Likely To Continue

(By The Associated Press)  
CHICAGO, June 23.—The heat wave which has turned the Central section of the country into a hot house since last Monday, probably longer.

Chicago's high temperatures continued today raising the toll of lives to 23 and increasing the number of prostrations to more than 200 during the six hot days. In several suburbs citizens have been warned under penalty of arrest to refrain from sprinkling lawns and to use water only for essential needs, the shortage of water having become acute.

The maximum temperature of the year was reached here today when the thermometer reached 94 degrees shortly after noon. It remained above the 90 mark throughout the greater part of the afternoon despite clouds which sent a few drops of rain over sections of the city. These soon cleared away and indications were that there would be little drop in temperature during the night.

### PRESIDENT OBREGON CONSIDERING FIRST HALF OF AGREEMENT

**Studies Gentlemen's Agreement on Subsoil and Petroleum**

(By The Associated Press)  
MEXICO CITY, June 23.—President Obregon is considering the first half of a gentleman's agreement between Mexico and the United States looking to the settlement of the subsoil and petroleum question. The agreement has been drawn up by the recognition conference.

At today's session of the conference the second half of the agreement, looking to the settlement of Agrarian problem was discussed and at the conclusion of the deliberations Charles B. Warren and John Barton Bayne the American delegates, declared good progress was made.

Under the agreement which supports the treaty of commerce and amity first suggested, Mexico pledges herself upon her national honor to carry out the guarantees which the United States deems necessary before granting recognition to the Obregon government. Knowledge that a gentleman's agreement had been chosen by the conferees as a means of securing guarantees for American property rights in Mexico came as a surprise since no hint had been given as to the method the United States would consider administration for the correction of its petroleum and Agrarian properties.

It is announced that under the petroleum section of the agreement which president Obregon has under advisement and the Agrarian clauses, which the conference is framing, are complete and approved, the details of the undertaking will not be made public.

### PRESIDENT HARDING MEETS SWEETHEART OF BOYHOOD DAYS

**Recognized Woman at Hutchinson, Kansas Yesterday**

(By The Associated Press)  
HUTCHINSON, Kans., June 23.—Forty-five years ago Warren G. Harding then a boy of 12, had a love affair with a small girl which, at that time, was believed by the school companions of each to be of a serious sort. Certainly, they said, Warren would marry Mattie.

Today the same Warren Harding, now president of the United States met and recognized the same girl in Hutchinson. She had motored more than a hundred miles across Kansas to see him.

He told of the boyhood romance in his address before 7,000 people assembled to hear his discussion of the agricultural problems of the country at the state fair grounds and described her as "my first sweetheart; married, happy, a grandmother and doing her part in the citizenship of this great country."

Members of the president's party said later that the president said Mattie was his first love. He only remembered her as Mattie Meil, of Caledonia, Ohio, whom he had not seen for 45 years.

### KAPPA SIGMA MEETS AT ATLANTA

(By The Associated Press)  
ATLANTA, Ga., June 23.—Meeting for the first time in the south, the Grand Conclave of the Kappa Sigma fraternity will open its session here Wednesday and continue thru Saturday. Several hundred delegates are expected to be in attendance representing virtually every university in the United States.

Among the notables who have announced their intentions to be present are William G. McAdoo, former secretary of the treasury, and other grand officers of the organization.

### WORST OF ETNA ERUPTION OVER

Catania, June 23.—The worst part of the Mount Etna eruption is virtually over, according to all indications today. The flow of lava, stones, ashes and cinders will continue for some time but it has lessened considerably from earlier in the week when the people of the surrounding country fled from the lava streams.

### Injunction Will Not Stop Simmons

(By The Associated Press)  
ATLANTA, Ga., June 23.—William Joseph Simmons, emperor of the Knights of the Ku Klux Klan, is prepared to go ahead with the organization of the Knights of Kamelia, despite the injunction proceedings launched Friday by the Klan, he declared in a statement given out here today in reply to the latest move in the complexity of litigations in Klan affairs. Another development of the day was the setting of Friday, June 29, as the date for a hearing in the receivership proceedings against the Ku Klux Klan filed last month by David Rittenhour of Philadelphia, and others in which H. W. Evans, imperial wizard, William J. Simmons, emperor and members of the kloncilium are named as defendants.

The petition for the receivership charged gross mismanagement of Klan funds by Imperial Wizard Evans, and declared the officials of the order had turned it into a personal machine for the enrichment and aggrandizement of themselves. In his statement Emperor Simmons declared "it is in response to the clamor of klansmen from every section of the invisible empire that I am founding the order of Knights Kamelia and that hundreds of thousands of klansmen in a state of revolt against the administration of H. W. Evans may be restrained in their movement towards secession and may be saved to the great organization as it is originally founded and promulgated."

Mr. Simmons declared this was his last effort to save the order from total and permanent disruption.

### POLICE MUST GET EVIDENCE AGAINST SUSPECT BY JULY 11

**Judge Rooney Continues Case Until That Date**

(By The Associated Press)  
CHICAGO, June 22.—Police were given until July 11 to unearth positive evidence that Fred Thompson was "the smiling" man who shot and killed Richard Tiesner during a holdup Judge John Rooney having continued the case until that date after Thompson was arraigned before him today on a murder charge.

Thompson, arrested several days ago in the apartment of Frank Carrick, whose "wife" he is said to have been for 14 years, came into court still wearing a dress, heavily rouged, powdered, a heavy veil hiding his features and his arm about Marie Clark, arrested in the apartment with him and Carrick, and admitted by Thompson to have been his wife for two years.

So far the most concrete evidence the police claim they have against Thompson is the identification by Mrs. Tiesner, widow of the slain man, that he was positive Thompson is the one who shot her husband. Detective declare it is up to Thompson to prove an alibi and they assert that two he has given are faulty.

The demand of Thompson's attorney that "she" as he insisted Thompson be called, be given an immediate trial was overruled by Judge Rooney but Thompson was ordered turned over to the sheriff until the date of his hearing.

Marie Clark, arraigned on a disorderly conduct charge at the same time, was held over until the same date.

Carrick previously has been released on a habeas corpus writ. Similar procedure had been started in Thompson's behalf but the petition was dismissed when police filed the murder charge.

In referring to "Miss" Thompson, his attorney said that would be part of his defense and that he will insist that the warrant be changed to correspond.

Everyone laughed in the court room when, before the start of the trial, Marie Clark introduced Thompson to another woman as "My Husband."

### HOT AT DECATUR

**Hottest June day in thirty years was recorded here Saturday afternoon when the mercury climbed to 103 degrees.**

### FOREIGN WAR VETS TO MEET AT OTTUMWA

Dubuque, Iowa, June 23.—Ernest J. Boughie, Sioux City, was unanimously elected commander of the Iowa department of the Veterans of Foreign Wars at the closing session of the third annual encampment here today.

Ottumwa was chosen as the 1924 encampment city.

### BRITISH ATTITUDE ON OCCUPATION OF RUHR IS DEFENDED

**French Occupation May Cause Collapse of Germans**

(By The Associated Press)  
CANTERBURY, England, June 23.—Under-Secretary Ronald McNeill, spokesman for the foreign secretary in the house of commons, defended the British government's attitude towards the Ruhr occupation in an address at Sturry, near here today. He saw no possibility of either Great Britain or France getting proper monetary redress for their faithful expenditures during the war merely by occupying a part of Germany's financial district.

The great fear was justifiable that if the occupation were to continue it would result in the social and economic collapse of the Germans. This the British might view with complete indifference as far as Germany was concerned, except that it would extinguish the last hope or expectation of ever recovering from Germany the money she owed.

McNeill declared there was no difference between Great Britain and France on the main question of preserving the entente, but Great Britain had her rights in the reparations question and could not, in supporting France, lose sight of her own interest.

### ENFORCEMENT OF CLOSED SHOP BY UNIONS ILLEGAL

**State Supreme Court Handed Down Opinion Saturday**

SPRINGFIELD, Ill., June 23.—Labor union attempts to enforce the closed shop by inducing employees in an open shop to quit work are held illegal by the state supreme court in an opinion upholding fines assessed against the Chicago Carpenters' district council, Thomas F. Church and William Brims.

Fines were assessed against the defendants for violating an injunction to prevent them from interfering with the business of the Anderson and Lind Manufacturing company of Chicago. The injunction was the result of a fight on the company to compel it to abandon the open shop.

In the opinion prepared by Justice Cartwright, the court said:

"Any idea that one may deprive another of a right by compelling others to break off business relations with him, because it will benefit the person doing the wrong is utterly baseless."

"The substantial argument is that the defendants had a right to do anything they saw fit for the purpose of strengthening or protecting the labor union at large, and that the injunction order should be interpreted to mean that while they must not threaten violence to any customer of the complainant, they were at liberty to interfere with it or its business by any other means."

"Coercion is as easily accomplished without threats of violence as with them, and fear of loss or injury to business unless one submits to violence."

"No person has a right to make war on another and compel others to break off business relations with him to his injury."

### FOREIGN WAR VETS ELECT OFFICERS AT CLOSING SESSION

**Forest Man is Chosen as Department Commander**

(By The Associated Press)  
AURORA, Ill., June 23.—Illinois Veterans of Foreign Wars in fourth annual encampment here today elected the following officers for the ensuing year:

I. L. Lancaster, Forest, Ill., department commander; G. G. Ginniven, Springfield, Ill., senior vice-commander; William McLaughlin, Joliet, Ill., junior vice-commander; Walter W. Winger, Peoria, Ill., judge advocate; L. L. Brosam, Decatur, Ill., quartermaster; F. Meirs, Quincy, Ill., chaplain; F. Patrick Machler, Chicago, surgeon.

Samuel H. Myers, Chicago, retiring department commander, lectured for five year term on council of administration.

Illy Heller, Chicago one year term, council of administration. The convention will be held at Aurora next year the date to be set later by the council of administration. The election of officers closed the four day session.

### GERALDINE FARRAR GETS HER DIVORCE

(By The Associated Press)  
NEW YORK, June 23.—Geraldine Farrar has won her suit for divorce against Lew Tellegen it was announced tonight by Samuel Untermyer, counsel for Miss Farrar. A referee's report recommending a decree was filed today he said.

Action by Mrs. Farrar was begun two years ago and in her complaint she charged her actor husband with infidelity with three women. It was reported that Referee Harrison's report held the opera star had sustained her allegations on two accounts. The courts recently ruled on charges that Miss Stella Larrimore and Tellegen had been intimate.

### MAN WILL HANG WHEN MIND RETURNS

NEW ORLEANS, La., June 23.—Angelo Guilaudo, who came to Independence, La., from his home at Rockford, Ill., to kill Henry Amato, his wife's brother-in-law, will not be hanged during the period of his lunacy but when his mind returns, he must pay the death penalty fixed some months ago, the pardon board decided today. Aliensists declared they did not know whether the man was insane at the time of the murder but that he was insane now.

### HARDING TRIES HIS HAND AT FARMING IN HUTCHINSON, KANSAS

**Chief Executive Shocks Wheat, Drives a Binder and Talks to Farmers First Hand—Talks to Thousands of Farmers at the State Fairgrounds—Meets Old Sweetheart**

(By The Associated Press)  
HUTCHINSON, Kans., June 23.—President Harding became a farmer again today while in Hutchinson for an eight hour visit. He drove a binder, he shocked wheat, he talked with farmers about their problems, and he delivered an address on the agricultural situation.

In his address made to an audience largely composed of farmers at the state fair grounds, he spoke as the president of the United States, but with an understanding that comes only from having lived and worked on a farm.

To the farmers who heard him, he brought a prediction of a better day, declaring that "clearly we are thru the worst of the depression and can reasonably expect gradual improvement."

The chief executive's real contact with farm life came after he and Mrs. Harding and their party arrived here at 10 a. m., from Kansas City. The entire party was taken on an automobile ride out into the country and was shown the famous Reno county wheat district of which Hutchinson is the center. Arriving at an especially large wheat field, Mr. and Mrs. Harding left their car and, seen the highest official of the nation was putting sheaves of wheat up in their shocks, talking with the country boys and holding in his arms the babies, conversing earnestly with the owner of the farm and joking with the farm hands and finally perched on the seat of a farm tractor, he drove a binder around the section of the field which was being harvested.

Earlier he spoke briefly to several thousand school children and after his address at the state fair grounds he visited the salt mines, on the edge of Hutchinson and played a few holes of golf. He also during the day met his first boyhood sweetheart, as he described her in his preface to his fairgrounds address. The president in making mention of the renewed acquaintance in his speech, said he had not seen her for forty-five years but did not give her name.

The special train bearing President Harding and party on their western trip left Hutchinson early tonight for Denver, the next scheduled stop, where the president will rest Sunday and on Monday deliver his fourth prepared address, speaking on law enforcement.

### COAL COMMISSION RUSHING WORK ON ITS WAGE REPORT

**Strike Imminent Unless Negotiations are Successful**

(By The Associated Press)  
WASHINGTON, June 23.—The coal commission is rushing to completion its report on wages, profits and costs in anthracite mining, in order that its findings may be brought to bear in a labor situation of increasing tension now arising in the industry.

Miners' wage contracts expire August 31 and a strike is threatened unless negotiations for replacement are successful. In recent union election supporters of John L. Lewis, present national head of the United Mine Workers, have met with a sharp defeat and it is considered certain that among delegates of anthracite workers meet June 26, to frame new wage demands the element newly come to dominance in the official circles of the union will at least set out to gain substantial wage advances. The commission is required to make a report by July 1st, to aid in the wage negotiations.

President Harding was advised of impending danger to the anthracite coal supply just before leaving for the west and he wrote a letter to John Hays Hammond, chairman of the commission stressing the necessity of keeping the mines in operation. The commission in behalf of the government is shaping its policy to take an active hand as soon as the miners union representatives meet with the committees representing mine operators and will insist upon a settlement.

### COMMUNISTS ARE ROUTED BY POLICE

(By The Associated Press)  
PARIS, June 23.—Several thousand communists and workers gathered in the Place de L'Opera tonight for an announced demonstration against Fascism and the royalists, but the heavy forces of police and mounted Republican guards sent to the scene, together with the great number of spectators made the program impossible of fulfillment.

A few groups started singing the "Internationale" at which the police charged and the crowd fled, the demonstrators and spectators alike sprinting from the blue coats. The only person injured was a man among the spectators, wearing on his breast the insignia of the legion of honor.

### Italy Denies That It Sent Instructions

(By The Associated Press)  
LAUSANNE, June 23.—Conference circles late tonight were thrown into further confusion by the issuance of a communique by the Italian delegation denying the report given earlier to the press that Italy had not forwarded her instructions to Lausanne concerning the treatment of the Ottoman debt question. The communique declared that the instructions of the Italian government had been in Lausanne many days.

At today's meeting of the conference, Riza Nur Bey specifically declared that his delegation had received distinct instructions to do nothing about the concessions until the questions relating to evacuation and the Ottoman debt had been settled in a manner satisfactory to Turkey.

### BANDITS HOLD UP JEWELRY STORE

Granite City, Ill., June 23.—Two armed bandits entered the Hogan Jewelry store in the business section of the city here late today, held up two clerks and escaped in an automobile with \$4,000 in jewelry and an undetermined amount of money.

## A THOUGHT

The Lord is in his holy temple; let all the earth keep silence before him.—Hab. 2:20.

Henceforth the Majesty of God revere;  
Fear him and you have nothing else to fear.—Fordyce

A master barber, at the barbers' national convention, insisted that haircuts ought to cost \$1 apiece. It may have been some such idea as that which started the Chinese to raising queues.

## FITFUL WEATHER

A meteorologist writing articles about the weather for a Chicago paper, admits that the ancient proverb "It never rains but it pours" is not really founded on invariable fact, but this year it seems more easily believed in than usual.

Near Chicago the first spring

and leaders have been preparing all winter to make this season the biggest in the history of the movement. There are 635 local councils now, having approximately 12,350 troops with 295,000 scouts under their supervision. Practically every one of these councils conducts a summer camp on easy financial terms and with strict Scouting standards for health, safety and advance in Scoutcraft, to say nothing of fun.

Outside of local council supervision there are about 8,500 other troops with 165,000 boys, also keen on camping.

Here is a tremendous contribution being made to the health of the nation. The standards imposed upon their camps by the Scout Organization call upon every boy in the movement to respect property rights and Nature's rights as well, when in the woods, and this year a concerted effort throughout the movement is to be made to deserve the confidence of property owners and to help educate the public to a similar respect for property rights and the preservation of natural beauty both in the woods and along our highways.

## CAMP! CAMP! CAMP! SCOUTS ARE MARCHING

When the closed season for school begins, the open season for camping arrives. During the present decade, camping has become one of the favorite pastimes of the nation. Apparently this is due to the missionary work of Boy Scouts. Scouts must be credited with starting this countryward movement for week-ends and throughout the summer months.

Your Boy Scout is a true missionary of the out-of-doors, converting first of all those of his own household. Thus the gospel spreads. It is estimated that possibly 400,000 Boy Scouts will live under canvas or a continuous two weeks or more this summer. More than 200,000 went into camp last year.

## BACK TO MALE RULE

The feminine administration of Thayer, Kan., is out, and glad to be out.

Two years ago the little town went in for feminism with a vengeance, electing a complete ticket of women. There was a woman mayor, with five councilmen and a woman police judge. This year all of the office holders declined to run again, except the police judge, so the men returned to power.

The women, with this one exception, have had enough of public life. But they want it distinctly understood that they have not really washed their hands of public affairs. They have their eyes on the male incumbents as they never had before.

"One thing in particular that we are proud of," says Mrs. Howe, retiring mayor, "is that we have created a new civic interest on the part of the Thayer residents generally. And if succeeding administrations do not follow the pace set, we women may feel compelled again to take charge of things." So there is the sword hanging over the heads of the male office holders to keep them up to the mark. It is a wholesome situation. Everybody knows how anyone who has once held a public office keeps his critical eye on that office thereafter. It may be that one of the strongest reasons for electing women to office is to develop a keen interest on their part in the conduct of their successors.

## BERTON BRALEY'S DAILY POEM

## Ask Dad--He Knows

By Berton Braley

YOUR mother can help you and give you a hand  
Through lots of your troublesome flurries,  
But there are some matters she can't understand.  
Some boyishly masculine worries;  
And that's what your Dad's for, young fellow. You'll find  
He's wise to the world, never doubt it;  
Whenever you've got such a thing on your mind,  
Go talk to your father about it.

YOU may have decided he's "clear out of date!"  
A quite mid-Victorian fog,  
Who can't understand what you have to relate,  
Whose mind with tradition is logy;  
But try him, young fellow; just seek him and spill  
Your trouble; be sure he won't flout it.  
For Dad was a boy once, he's been through the mill,  
So—talk to your father about it!

THE Governor's wiser to you than you know,  
Don't think you can easily fool him;  
He's traveled the roads you are likely to go  
And life has been aiding to school him;  
Go talk to him, sonny, as man unto man,  
He'll hark to your tale as you spout it,  
And help you as only another man can.  
So—go and tell father about it!

(Copyright, 1923, NEA Service, Inc.)

pens in all generations, and later you will do the same for your children.

As time rolls on, you will become calloused to these hard knocks. Like going barefoot—at first it hurts the tender feet, but you soon get used to it.

So don't get discouraged. Keep in mind that, as it takes hard work to develop your muscles, so also it takes quite a bit of rough treatment to "bring you out" to develop your courage and resourcefulness, to enable you handle power wisely and responsibility sanely.

Many of the greatest heartaches of life come in these tender years when we strike out in the world for ourselves. Later you will realize that the heartaches were mountains made out of mole-hills.

So keep your courage, don't allow anything to dishearten you. As you go on thru life you will find two distinct classes of people. One will go out of his way to help you, to give the guiding directions that it learned by bitter experience. Pay close attention to these people, especially the old. They know the shortcuts to take and the pitfalls to avoid.

The others are plain nasty in varying degrees. At times they'll seem to be in the majority. They are the people who make life disagreeable and wretched for themselves as well as others. As a rule they are diseased, either mentally or physically. In this class you'll find the cranky boss, the inconsiderate stranger, also the vulture eager to take advantage of your youthful gullibility, helplessness and lack of experience.

As far as possible, ignore them. By no means let them make you despondent, discouraged, bitter or cynical. Remember that no one is worth getting angry at. Anger and resentment are deadly poisons—to the body, thinking and spiritual development.

This life is merely a spiritual gymnasium. Young people, striking out for themselves, have a tendency to drift away from the folks at home. This is always regretted later in life, when it is too late to make amends, when we begin to realize the heartaches and irritations endured by our loving parents to get us started on the right road and to give us a better chance than they had.

If you go to another town, write frequently. Father and mother generally can steer you properly when you're in doubt. They may seem old-fashioned. Possibly that's because they have the old-fashioned quality, horse sense.

CALENDAR OF EVENTS  
WHITE HALL AREA

White Hall, June 22—A record of coming events in this section is of wide interest at this time, and there is a growing tendency to set dates that will not conflict on account of the wide territory interested. Following is a list compiled:

August 23 and 24—Piasa fish fry.  
August 26 to Sept. 1, tentatively—White Hall chautauqua.

CORRECTIONS MADE  
Some inaccuracies occurred in a recent reference made to announcement of the commencement exercises of John Hopkins university. Announcement was made that Dr. Ruth Fairbank of this city had been promoted from assistant to inspector in psychology. Dr. John M. T. Finney, at one time a Scott county resident, who has for the last year been acting head of the department of surgery has agreed to serve in that capacity for two years more.

## FRED SPREEN AND IRENE GOODWIN TO WED

Will Be Married in Simple Ceremony Tonight at Home of Bride's Mother

Frederick Henry Spreen and Miss Irene Goodwin will be wedded at 6:45 o'clock this evening in a pretty ceremony at the home of the bride's mother, Mrs. Carey M. Goodwin, 933 West Lafayette avenue.

The bride will be attended by Miss Edith Kellar, of Hardin avenue, and will wear a bridal gown of white Canton crepe with trimming of white silk lace, and will carry a bouquet of colonial roses. Miss Kellar will wear a dress of Canton crepe and will carry pink roses. George Goodwin, brother of the bride, will act as best man. The wedding service will be said by Rev. A. P. Howells, of First Baptist church, of which the bride is a member. Following the ceremony a wedding supper will be served the guests, who will be relatives of the contracting parties.

Miss Goodwin attended the local school and graduated from Jacksonville High school in this year's class. Mr. Spreen is a graduate of the county schools and has been employed at the Peacock Inn for the past two years. Both are well known and well liked among the young people of the city.

The bride will be attended by tonight for a week's wedding journey to Springfield and other points. They will make their home in this city.

## CIVIL WAR VETS EXPRESS THANKS FOR COURTESIES

Matt Starr Post, G. A. R., Frames Resolution of Gratitude to Persons Connected With Patriotic Jubilee

Matt Starr Post, Grand Army of the Republic, recalls with pleasure the incidents connected with the dedication of the buildings for disabled war veterans on the grounds of the Jacksonville State Hospital. The entire program was well worthy of the grand cause and occasion which brought it to our beautiful city.

The great courtesy of the Association of Spanish War Veterans in making the veterans of the Civil War honorary members is duly appreciated.

The courtesy throughout of Colonel O. C. Smith, his aides and especially the politeness tendered the members of the Post during the exercises on the lawn of the State School for the Deaf will always be gratefully remembered.

The great devotion and ability of Harry Herring, chairman on the committee on transportation will never be forgotten. The manner in which the disabled veterans and members of the Relief Corps were cared for and the way in which all the Old Boys and Ladies were handled in the procession entitles Mr. Herring to the sincere thanks of both bodies.

The authorities at Jacksonville State hospital and all who in any way enabled the Post and Relief Corps to enjoy the occasion are gratefully remembered.

It is ordered that these minutes be spread on the records of the Post and copies sent the city press for publication.

S. W. NICHOLS, Chairman on Resolution.  
JOHN MINTER, Commander.  
L. GOEHN, Adjutant.

## FORMER GOVERNOR OF ARKANSAS GUEST HERE

Charles H. Brough Will Deliver Lecture on Local Chautauqua Platform — Says Prohibition Has Come to Stay—Endorses Bond Issue.

Former Governor Charles H. Brough of Arkansas was a guest of the local Chautauqua board yesterday. He is to deliver a patriotic and inspirational lecture on the platform of the Jacksonville chautauqua on August 24. The lecture is entitled "America's Leadership of the World."

Mr. Brough is president of the honorary debating fraternity of the universities of the nation, Tau Kappa Alpha, and is also president of the United States Good Roads association.

Ex-Governor Brough expressed himself as heartily endorsing the proposed issue of one hundred million dollars worth of bonds for the building of additional hard roads in Illinois. He is a genuine good road enthusiast and has played an important part in the efforts to secure them through the nation.

The visitor spoke on the prohibition issue in no uncertain terms. He declared himself as taking sharp issue with Governor Al Smith of New York in the latter's attempt to dull the force of the Eighteenth Amendment in that state and in his annulment of the state prohibition law. Mr. Brough said:

"Prohibition is here to stay. The stand taken in New York will have no serious consequence in the nation as a whole, except, perhaps in the states of New York, New Jersey and Wisconsin. Illinois will not be the next state to go into the wet column, as some anti-prohibition advocates predict. The Illinois legislature has taken a decisive stand for the dry cause and will not recede from it."

While in the city the former governor was the guest of Rev. W. E. Spooner, who in company with H. H. Bancroft and A. C. Rice, took him for a tour of the city. Mr. Brough was much interested in Jacksonville as the former home of William Jennings Bryan, whom he numbers among his personal friends. He visited the Governor Joseph Duncan Memorial and was impressed with the historical value of the building and its surroundings.

## SPANISH WAR VETS EXPRESS APPRECIATION

Pass Resolutions Thanking Citizens for Cooperation in Recent Encampment Held Here.

At the special meeting of William H. Rule Camp No. 96, U. S. W. V., held Friday night the following resolutions of thanks were voted by the organization in appreciation of the assistance received during the twentieth annual department encampment of that order in Jacksonville on June 14, 15 and 16th.

Whereas, we are desirous of expressing our most sincere thanks and appreciation for the cooperation and assistance of the people of Jacksonville, the various fraternal, patriotic and labor organizations, the many friends who so freely contributed the use of automobiles and drivers both before and during the 25th Anniversary of the war with Spain and the 20th annual encampment of the United Spanish War Veterans, therefore, be it

Resolved, That the sincere thanks of this Camp be tendered to the foregoing persons and organizations, be it further.

Resolved, That a copy of these resolutions be furnished to both of the Jacksonville papers and that these resolutions be also inscribed on the minutes of this Camp.

## BI-CONFERENCE MOVEMENT SUCCEEDING

Reports from the field at large show that the bi-conference movement of the Methodist church is a great success. More and larger subscriptions are being written. So far in the campaign for funds \$700,000 have been subscribed. Ten days remain to provide the \$550,000 that are needed to reach the goal of \$1,250,000.

There are plenty of people to subscribe this amount if each will do his best.

Illinois Wesleyan, Illinois Woman's College, The Wesley school and the retired Ministers

funds are all worthy causes and will suffer greatly if we fail. We will help them while there is time. \$550,000 in ten days.

More than this has been subscribed in other states in less time in like movements. Illinois will arise in her loyalty to her church institutions and do this task gladly and willingly. What will your answer be?

## RIALTO THEATRE CLOSES FOR SUMMER

Management Announces Lights  
Out for Hot Months—Expect  
to Show Paramount Pictures  
Again Next Season.

Announcement was made yesterday by T. H. Buckthorpe manager of the Rialto theatre, that it had been decided to close the Rialto for the hot summer months. A deal was recently made with St. Louis parties who are to take over the management but a wire from them received during the week, indicated that on account of general conditions in the moving picture world as this season of the year, that they did not wish to open the theatre until September 1.

The Rialto has been running under the present management since April 1921 continuously and presentation has been brought to a high standard, only first class pictures being shown. The Rialto has made a specialty of Paramount pictures, which are acknowledged among the best in the movie world. Mr. Buckthorpe has the Paramount product under contract and these films will probably be shown solid during the coming year.

Many patrons of the Rialto will learn with regret that the Rialto is to close for the two months period.

Miss Dorothy Hiltz who has been the popular pianist at the Rialto, will take the greater part of the summer for needed rest and Mrs. Hancy of the theatre staff will spend a number of weeks with her mother in Springfield. William Callans, operator, and Paul Huzgett, assistant operator, will spend part of the summer at their homes and the remainder on vacation trips.

Ellis Thompson was a Saturday visitor from Arcadia.

## OBITUARY

When we pass the years of three score and ten, we look with longing eyes to the time when we may lay the burden down. In the going of Augusta Grimes Israel, the last link of a most worthy generation has been severed, and the family circle that has been so ruthlessly broken, has again been united.

Anne Augusta Israel was born in Jersey County, Illinois, April 3rd, 1849, the daughter of John and Mary Anne Potts Grimes. The earlier part of her life was spent in the White Hall community. On April 8th, 1869 she was united in marriage to James W. Israel and lived in White Hall for several years, moving to various places, among them Scottsville, Palmyra, Waverly, Murrayville and Ashland where they spent many happy years together. Mr. Israel passed away very suddenly May 29th, 1911. "Aunt Gusty" as she is so familiarly known, came to Murrayville and for twelve years made her home with her sister, Mrs. C. F. Strang. Since the passing away of her sister, Mrs. Strang, she has made her home with her niece Mrs. Mary E. Wright, where she received patient and careful attention during her long illness.

The end came very peacefully at 9 o'clock Wednesday evening, June 20th, 1923, at the age of 74 years, 2 months and 17 days. She has been a consistent member of the M. E. church since early life, a charter member of the Ladies Aid Society, a member of the Missionary Society, and a charter member of the first Rebekah lodge organized in Murrayville, filling all the offices of the order. She was devoted to these organizations and will be greatly missed.

The surviving members of this well-known family are two half sisters and two half-brothers who are, Mrs. Julia Dixon of White Hall, Illinois; Mrs. Dora Amos of Roodhouse, Illinois; John R. Grimes of El Campo, Texas; Charles Grimes of Springfield, Illinois, and one step-sister, Mrs. Emma Israel of Granite City, Illinois; also a host of nieces, nephews and friends. The deceased brothers and sisters are, Maria Ellen Strang, Anna Waggoner, Margaret Jane Strang, William B. Grimes, Franklin Grimes, Elam Grimes, Mary Elizabeth Grimes and one half-sister, Lennie Grimes Smith.

There is a voice from the tomb sweeter than song. There is a remembrance of the dead, to which we turn even from the charms of the living. Oh! the Grave! It buries every error, covers every defect, extinguishes every resentment. From its peaceful bosom spring none but fond regrets and tender recollections.

Funeral services were held in the M. E. church Friday afternoon at 1:30 o'clock in charge of Rev. W. C. Harms, pastor of the church. The songs were effectively sung by Mrs. Maude Rimbey, T. G. Beadles, Mrs. Iva Short, Miss Stella Cunningham, with Mildred E. Wright at the piano. The floral offerings were in charge of Mrs. Nelle Schroer, Mrs. Maude Spainhower, Mrs. Meda Andras and Miss Margaret Spencer. The pall bearers were Harry G. Strang, Warren E. Wright, Clarence Spencer, John W. Wright, Donald Strang and Benjamin S. Wright.

At the close of the service a long funeral cortege moved to the White Hall cemetery, where the remains were laid to rest, the members of the Rebekah lodge using their impressive burial ceremony.

Those from out of town attending the funeral were: Mr. and Mrs. Robert Dickson, Mr. and Mrs. J. E. Wyatt, Donald Strang, J. W. Wright and family, and Mrs. Mary Marshall of White Hall; Mr. and Mrs. Henry Amos of Roodhouse, Mrs. Nelle Schroer of St. Louis, Mo.; Charles Grimes of Springfield, Mr. and Mrs. George Holley and daughter Elizabeth of near Arnold.

WILL MOTOR TO WISCONSIN  
Mr. and Mrs. W. E. Brown will leave Tuesday by motor for Waupaca, Wis., where their summer cottage is located. They intend to open their cottage and the cottage belonging to Harrison King and then will return to Jacksonville and will go up for the rest of the summer later.

Dr. C. J. Walters of Murrayville made a trip to town Saturday afternoon on business.

Interest in a picture of the children that made today, grows as they grow.

## KIWANIS GOLFERS TO HAVE TOURNEY

The Kiwanis club has at least sixteen members who are good golf players by their own admission. In fact one of them stated yesterday that they were so good that they have been trying for some time to get a match game with the local Rotary club, but that they were being sidestepped.

To settle among themselves which are really in line for the crown of Chick Evans they have arranged a series of match plays in an elimination contest. The play will be over an eighteen hole course and the preliminary matches must be played off by this coming Thursday noon at which time the winners of each match will be matched against each other until all are eliminated except the final winners. The scores of the individual players will be kept for use in future handicap matches.

Word has been received from the Kiwanis club of Quincy that they are willing to take them on for a match game and this game will probably be arranged in the near future.

The preliminary matches in-

clude the following: Alfred Capps vs Ted Beadle; Felix Farrell vs G. B. Andre; Charles Goodale vs Walter Wright; Lloyd Reid vs Robert Muller; Cole Rowe vs Thomas Smith; William Babb vs William Berryman; Fletcher Hopper vs Ed Tomlinson; Travis Rantz vs Wood Phillips.

The final winner will receive a club and the runner-up will receive three golf balls.

Mrs. John H. O'Donnell went to Bloomington to attend the funeral of her cousin, William Meyers, which was held at 9 a. m. Saturday in Bloomington.

Mrs. C. F. Johnson returned to her home in Centralia yesterday after a very pleasant visit with Mr. and Mrs. Clarence Wooten, 1328 South Main street.

**I. S. D. ERECTING  
SUMMER COTTAGE**  
A summer cottage of modest proportions is now being built on the Illinois river near Bath for the boys of the School for the Deaf, the lot having been purchased some time ago by the officers and employees of the school. The cottage will be used by both the students and employees and some of the pupils will furnish part of the equipment. Several of the deaf boys are planning an outing there this summer.

Mrs. Thomas Henry and Mr. and Mrs. Albert Seymour were among Franklin people shopping in the city yesterday.

Miss Ruth Mellor was one of Murrayville representatives yesterday.

THE GREAT WILLIAM FARNUM, IN

## "Brass Commandments"

It is a story of the West, done in the breezy style of Charles Alden Seltzer, popular for his narratives of outdoor action. To make a good thing better, Tom Santschi, who held such a memorable conflict with Farnum in the "Spoilers," gives the Fox star an equally historical battle in this play.

There are two girls in the story. Wanda Hawley plays a capable feminine lead opposite Farnum and Claire Adams comes in for her share of honors. There is action, tons of it; the story retains interest by its dramatic tenacity; the romantic skin is well woven through the tale and the climax thunders with power. This is the opinion of critics who saw the film before its release to the general public.

**HARDING'S ADDRESS

BRINGS STATEMENT**

Pennsylvania President to  
Study Remarks  
Closely

(By The Associated Press)

PHILADELPHIA, June 23.—  
President Samuel Rea, of the  
Pennsylvania Railroad System, in  
a formal statement today with  
reference to President Harding's  
address on railroad consolidation  
said he scarcely had a chance to  
do more than read very hurriedly  
the president's statement which he  
deserves and will have on his part  
the fullest consideration.

"I believe that," said Mr. Rea,  
"if the railroads of the United  
States are allowed proper re-  
turns on their railroad invest-  
ment devoted to public use and  
receive equitable legislative treat-  
ment voluntary consolidations  
will proceed at a pace satisfac-  
tory to the government and the  
public."

President Rea said he was  
deeply interested in President  
Harding's reference to the En-  
glish grouping plan, "although the  
English problem was small com-  
pared to ours."

He declared that the English  
roads had been able to bring  
about amalgamation because of  
liberal treatment by their gov-  
ernment.

As to government ownership  
Mr. Rea said, "President Harding  
soundly states the situation."

ville.

Confiscate Liquor After  
Making Two False  
Starts

(By The Associated Press)

New York, June 23.—After two  
days' reflection and two false  
starts the United States today  
smashed the British government  
seals placed on the liquor stocks  
which the steamships Baltic and  
Berengaria brought into this port  
yesterday to test the treasury de-  
partment ruling that no ocean  
liner may cross America's three  
mile line with bar supplies for  
the east bound voyage.

Customs officials and prohibi-  
tion enforcement agents massed  
this morning on the pier oc-  
cupied by the White Star liner  
Baltic, which yesterday unex-  
pectedly slipped into port ahead  
of the Cunarder Berengaria,  
heralded as the first liner to test  
the treasury department dry  
ruling. The announced purpose  
of the American officials was to  
sweep down on the two vessels  
and promptly confiscate their  
stocks.

Deputy Surveyor Sanders  
marched aboard the Baltic short-  
ly after 9:30 A. M., the British  
seals were smashed; Captain  
John Roberts protested; and fed-  
eral prohibition Director Can-  
field began taking an inventory  
of the wet goods.

Proceedings were suddenly  
halted by a telephone call from  
the customs house while Wash-  
ington wondered. Collector of  
the Port Ellington later ex-  
plained that this halt was called  
because Dr. L. K. Sprague, chief  
of the United States public health  
service had not yet issued per-  
mits for medicinal liquor sup-  
plies. Meanwhile Mr. Elling-  
ton conferred at the customs  
house with treasury department  
officials and Surveyor of the Port  
Whittle dashed aboard the White  
Star liner Majestic, which sailed  
at noon with Secretary of the  
Treasury Mellon for an unex-  
plained parley with his chief.

**OLDEST SURVIVOR OF  
MEXICAN WAR DEAD**

(By The Associated Press)

SAN FRANCISCO, Cal., June  
23.—Urban Chaudure, oldest  
known survivor of the United  
States-Mexican war of 1846-48,  
died in the French hospital here  
today two weeks after attaining  
the age of 100. He had been in  
the hospital since 1911.

Chaudure was born in France  
June 8, 1823, and came to the  
United States when a young man.  
He became a naturalized citizen  
and enlisted at the outbreak of  
the Mexican war April 24, 1846,  
serving as a private in Company  
B, of the Tenth United States  
Infantry until the close of the  
war. He was a pioneer of San  
Francisco. His wife who was his  
constant companion died in 1921  
at the age of 88.

**CARD OF THANKS.**

We desire to thank our neigh-  
bors and friends for the many  
acts of kindness during the ill-  
ness and after the death of our  
brother, William Clegg. We also  
desire to thank those who sent  
flowers or in any other way gave  
evidence of sympathy in time of  
sorrow.—The Sisters and Broth-  
ers.

Mrs. W. H. Hinrichsen and  
daughter, Miss Anne, were callers  
from Alexander yesterday.

Leo Clancy left for Chicago  
Friday for a week-end visit with  
friends.

## Bob O'Farrell Catcher Of the Chicago Cubs Among the Leaders

Is in a Triple Tie With Roush and Mogan—Eddie Collins Adds Sacrifice Honors to His Other Accomplishments—Results of the Past Week in the Minor Leagues

CHICAGO, June 23.—Bob O'Farrell, catcher of the Chicago Cubs, has entered the mad scramble for batting honors in the National League, according to figures released today and which include last Wednesday's games. O'Farrell started his drive several weeks ago and, in his last seven games, he made thirteen hits, four of which were four baggers. His great stick work has been a big factor in the Cubs' recent victories. O'Farrell has moved from eleventh place among the players who have participated in thirty-five or more games, to a triple tie for fourth place with an average of .365 compared with a mark of .336 a week ago. Ed Roush of Cincinnati who added only one point to his mark of the previous week, and Johnny Mogan of the Phillies who suffered a slump are tied with the Chicago star.

Zack Wheat, the Brooklyn outfielder has fallen of since the Dodgers' invasion of the West, but still maintains first place with a four point margin over Charley Grimm, the Pittsburgh slugger. Wheat is hitting .383 compared with .309 a week ago. Grimes average is .385 and Frank Frisch of the Giants is right to the heels of the Pirate first baseman, with an average of .328.

"Cy" Williams of Philadelphia continues to lead home run hitters with 20 circuit drives. His 145 total bases also remain in that department. George Gramham of the Cubs is tied with Sammy Bohne, of the Cincinnati Reds for stolen base honors. Each has pilfered 13 sacks, the Chicago speedster, annexed six in the past week, while the Reds' phenom failed to steal.

Other leading batters: Bottomley, St. Louis .360; Barnhart, Pittsburgh .348; Williams, Philadelphia .342; Southworth, Boston .341; Young New York .340; wwwwnnt:egggggg Flack, St. Louis .339; Fournier, Brooklyn .338.

**American League**  
With the advent of warmer weather, the pitchers of the American League are showing better form. Harry Heilmann, of the Detroit Tigers is still on the throne with an average of .428, the only player in the majors playing in 35 or more games, who is hitting above the .400 class. Eddie Collins, captain of the White Sox is still the runner up with an average of .374 and Jameson of the Cleveland Indians is third with .367.

Collins has wrenched the sacrifice hitting honor away from Wambagans of the Indians by making 18 to Wambag's 15. Coniskey's star second sacker, also continues to blaze the path and is showing the way to the base stealers with 24 thefts. Johnny Mostil, his teammate who has stolen 14 bases, and is Collins nearest rival.

Babe Ruth of the Yankees made only one circuit drive during the week which ran his string to fourteen, but the king of sluggers, has been doing some consistent hitting. With a total of 44 runs scored, Babe is easily the best run getter, and his 133 total bases is far in front of his rivals.

Other leading batters: Burns, Boston .364; Ruth, New York .354; Haney, Detroit .354; E. Rice, Washington .347; Ruel, Washington .343; Miller, Philadelphia .337; Cobb, Detroit .335; J. Harris, Boston .333; Myatt, Cleveland .332; Severid, St. Louis .326.

**American Association**  
Bunny Brief, of the Kansas City Blues, king pin slugger of the American Association, who was leading the hitters who have participated in 35 or more games, has been dethroned and landed in fourth place. The slump of Brief also was reflected on G. Wright, Brannan, Blackbume, Roth and others and this falling off has pulled down their team batting average from .311 to .309, and has cost the Blues the leadership in the pennant race.

J. Smith Toledo, runner up to Brief a week ago, has stepped out in front and Lamar, a teammate is his nearest rival, Smith's mark is .378 and Lamar's .366. Carl East, is trailing in third place with .365 and Brief is next with .364.

Brief extended his home run record to 14 and has run his total bases to 135. His 55 tallies gives him the lead as run getter.

Christenbury of Indianapolis has taken a sudden spurt on the bases and by stealing five bases, ran his total to 14, tying Eddie Murphy of Columbus for these honors.

Other leading batters: G. Wright, Kansas City .362; Schreber, Columbus .353; Combs, Louisville .352; Christenbury, Indianapolis .344; E. Murphy, Columbus .343; Brown, Indianapolis .342; Hammond, Kansas City .323; Campbell, Indianapolis .320.

**Southern Association**  
Southern Association batters are putting up a nip and tuck tussle. Richbourg of Nashville, with .378 who was forced to retire because of a broken leg is leading. Smith of Little Rock fell from second to tenth place among the batters who have played in 35 or more games. Huhn of Mobile, fourth a week ago, is now the runner-up with .347, and Herman of Atlanta, is third with a mark of .345. Leonard of Chattanooga, is fourth with .344 and R. Williams of Mobile is trailing him with .345. Leonard of Chattanooga ran

## ST. LOUIS DEFEATED CLEVELAND 8 TO 2

Coveleskie and Robertson Forced to Retire by Heat—McManus Hits Homer With Two On

CLEVELAND, O., June 23.—St. Louis defeated Cleveland 8 to 2 in the first game of the series here today. The heat was too much for Coveleskie and Robertson and they retired after the first inning. A home run by McManus with Williams and Jacobson on bases in the third inning was a big factor in the Browns' victory. Bedgood who replaced Edwards and Shocker were effective.

## DETROIT POUNDS TWO SOX HURLERS

Get Four Runs Off of Leverett Which Is Enough to Win—W. Collins for Detroit Is Relieved When He Gets Wild

DETROIT, Mich., June 23.—Detroit hit two Chicago pitchers hard today and won, 5 to 3. W. Collins started for Detroit but was taken out in the fifth when he lost control. Cole finished the game. The Tigers knocked Leverett out of the box in the fourth and with the bases filled and one out, Mack replaced him. The only batter who faced Mack hit into a double play and ended the inning. Thurston finished. Manager Gleason did not arrive here in time for the game and E. Collins directed the White Sox.

## DEMPSEY PLANS TO TAPER OFF WORK

GREAT FALLS, Mont., June 23.—Jack Dempsey, world's heavyweight champion, after a strenuous workout tomorrow, plans to enjoy a full day of rest Monday and then begin the process of tapering off for the defense of the title against Tommy Gibbons, of Shelby, Montana, July 4. The champion went thru seven rounds of training, transport, in addition to his usual hike in the morning and brisk calisthenics. He boxed six rounds, going two each with his heavyweight sparring partners, taking George Godfrey, Jack Burke and Harry Draake, the English light heavyweight, on in order. While he failed to score a knock-down, he had all three of his sparring mates punched-drunk at the finish and the call of time was welcome to them.

## YANKS STOP EHMKE'S WINNING STREAK

BOSTON, June 23.—Ehmke's winning streak was broken today by New York. Bush held Boston to five hits, was given excellent support by Scott, Witt and McNally, and turned in a four to nothing win over his former teammates.

## ATHLETICS DEFEAT WASHINGTON 10 TO 5

PHILADELPHIA, June 23.—The Athletics defeated Washington today, 10 to 5. The home team batted Alan Russell off the mound in less than three innings. Walberg was more fortunate and lasted until the sixth giving way to Eddie Rommel, who blanked the Senators with one hit in three innings. The game had a sensational ending when McGowan caught Gharitty's fly against the bleachers wall after it seemed to be a sure home run.

Manager Bush protested that the ball had bounced off the wall but the umpires ruled the catch counted and the game was over.

**DOGERS BREAK EVEN IN DOUBLE HEADER**  
BROOKLYN, N. Y., June 23.—Brooklyn broke even in a double header with Philadelphia today, winning the first game 11 to 5 and losing the second 5 to 2. Ruether had one bad inning in the opener, the fourth when the visitors scored four runs. The Dodgers staged a rally knocking both Glazner and Ring out. The Phillies gained a three run lead in the first inning of the second game and never relinquished it.

**REDS COME FROM BEHIND AND WIN**  
PITTSBURGH, Pa., June 23.—Cincinnati came from behind today, scoring three runs in the ninth inning and defeated Pittsburgh 5 to 4. Bressler batting for Rixey started the Reds, batting rally with a single and successive hits by Burns, Daubert, Bohne and Pinelli together with Roush's sacrifice fly topped Pittsburgh score by one run.

**NEW YORK GIANTS TURN BACK BOSTON**  
NEW YORK, June 23.—Scoring enough runs in the fourth inning to clinch the game the New York Giants turned back Boston today 9 to 5. Five hits and two bases on balls combined to give the champions six runs in their big rally. Felix and Pinch Hitter Bagwell hit home runs for the Braves.

## STRANGLER LEWIS ARRESTED THREE TIMES

ROCHESTER, N. Y., June 23.—Ed ("Strangler") Lewis was arrested three times when motorizing thru Cleveland yesterday, it was revealed here today when the wrestling champion arrived to complete his training before sailing for Europe. Lewis was suspected of being Arthur Whitefield, who is alleged to have shot and killed a Cleveland policeman. Cleveland police had been notified to be on the watch for a motorist with a red automobile with a Missouri license and the description fitted Lewis. He was taken to three different station houses but was released when he proved his identity. It took him six hours to pass thru Cleveland. Lewis will sail for Europe with his manager, Billy Sandow on July 4 from New York. It will be a pleasure trip, primarily, but Lewis says he may engage in exhibition bouts.

## FRED TONEY ANNOUNCES HE HAS QUIT BASEBALL

ST. LOUIS Mo., June 23.—(By The Associated Press)—Fred Toney voluntarily left the game in the second inning of today's Chicago-St. Louis Nationals contest and announced he was quitting baseball. He said his action was due to jeering of spectators when he reprimanded Shortstop Toporcer for not following his sign to play close to third base while Heathcote was at bat. Toney asserted the booing of the fans was unjust. He has won five and lost five games for the Cardinals this season. He was induced to report to the local club at the beginning of the season after failure to report last mid-season when sold to the Cardinals by Boston after he had failed to report to Boston, which team had purchased him from New York.

## OBITUARY

William Clegg, son of James and Mary Clegg was born at Griggsville Pike county Illinois, Aug. 10th, 1845, and departed this life June 18th, 1923, at the home of his brother John T. Wild in Murrayville at the age of 77 years 10 months and 8 days. He became a member of the M. E. church in Murrayville in the year 1906. He is also a member of the order of I. O. O. F. He is survived by two brothers and three sisters, namely John T. Wild, Murrayville, Samuel Wild, Winchester, with whom he has made his home the past 21 years. Mrs. Elizabeth Jackson of Jacksonville; Mrs. John T. Osborne of Murrayville; Mrs. Edward Gallagher Woodson; also a large number of nephews and nieces. His father and mother, one brother and three sisters preceded him in death a number of years ago. He was a man of fine character and was respected by all who knew him. He has been in failing health for some time. It has been some two weeks ago his condition became serious and at this time he was brought to the home of his brother in Murrayville that he might have the careful attention of his physician.

He bore his affliction with patience always looking on the bright side. Trusting in the heavenly father for grace and strength. His was a life of cheerfulness and resignation. Fearless, unflinching in trust, uncompromising. Shortly before he passed on he told his loved ones about him that "All Was Well" and he bade them farewell. "He fought the good fight; kept the faith, finished his course." He loved us all and his love bridges the chasm of years at which his aged body stopped till the newness of the resurrection morn.

His funeral was held at the M. E. church in Murrayville at 2 o'clock Tuesday afternoon. Dr. G. W. Miller officiated, assisted by Rev. Harnes. The choir sang "Jesus Savior Pilot Me" Shadows "It is Well With My Soul." Interment was in Bethel cemetery Those caring for the flowers were Mrs. Meda Goacher, Mrs. Isabelle Haggard, Miss Sadie Osborne and Miss Ethel Wild.

The pallbearers were: John Warcup, Archie Kingsley, George Barnes, Dr. Wesner, Alfred Lamb and George Jackson.

## MAIN FLOOR PLASTERING

## AT SALEM CHURCH DONE

The main floor of Salem Lutheran church is now plastered and the workmen have begun work on the plastering of the basement. It is estimated that it will take a month for the plaster on the main floor to dry enough for the decorators to begin work. Work will be suspended within the next few weeks and all that will be needed is the finishing touches.

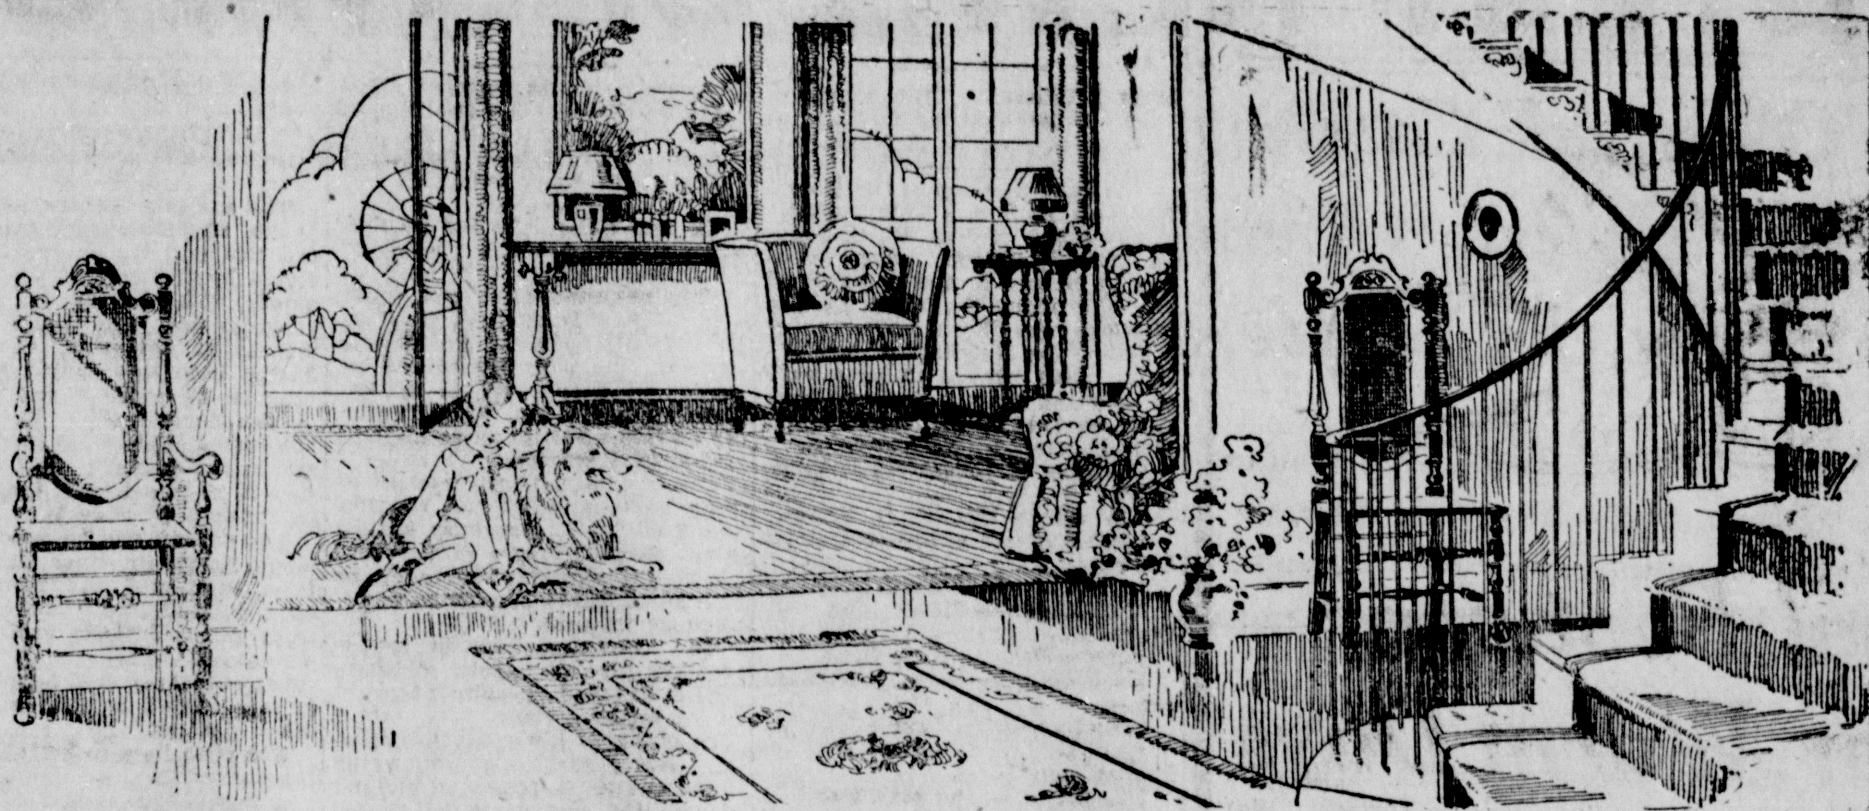

The church has ordered a new pipe organ, costing several thousands of dollars, which will be delivered early in the fall.

### PLAY IS PRESENTED BEFORE CLUB WOMEN

Mound Woman's Club Members and Guests Enjoy Program at Home of Mrs. W. S. Jones.

The June meeting of the Mound Woman's club was held recently at the home of Mrs. W. S. Jones on Mound avenue. Mrs. Jones was in charge of the program of the afternoon, the main feature of which was the presentation of a play, "The Neighbors," by Zona Gale. This proved to be a very interesting feature and was very much enjoyed by the members and their guests.

The cast of characters is given below:

Mrs. Abel—Mrs. R. G. Vasey.  
Her daughter Inez—Mrs. John Lazenby.  
Mrs. Trot—Mrs. Scott Holmes.  
Mrs. Moran—Mrs. John W. Clary.

Peter—Mrs. A. H. Doller.  
Ezra William—Mrs. K. W. Ranson.

Grandma—Mrs. Frank Ranson.  
Mrs. Ellsworth—Mrs. William Richardson.

The scene of the play was laid in a kitchen and the play was staged on the spacious porch at the Jones home. Among the guests of the afternoon were Mrs. Frank Drury, Mrs. James Holmes, Mrs. W. T. Scott, Mrs. J. W. Arnold, Mrs. O. F. Buffe, Mrs. J. H. Danks, Miss Norma Perbix, Miss Gertrude Wilson and Miss Leota Tendick of Chicago, the latter a former member of the club. Mrs. John W. Clary was called out of town a few days before the meeting and her part in the play was taken by Mrs. W. S. Jones.

A kitchen shower in honor of Mrs. Lee Mason, a recent bride, was another feature of the afternoon. Mrs. Mason received a large number of very appropriate articles.

A very pleasant social hour came at the close of the program and at this time the hostess served refreshments.

### HIGH SCHOOL BOYS JUDGED LIVESTOCK

Entered Contest at University of Illinois—Boys Won No Prizes, But Made Creditable Showing.

The J. H. S. judging team that was sent to the state stock judging contest at Champaign returned last night. The boys won no prizes but made a creditable showing, coming about half way down the list.

The boys on the different teams were as follows:

Judging of fat beef stock—Tommy Buckthorpe, Armour.

Judging of dairy stock—Howard Megginson.

Judging of grain and poultry—Harold Hembrough.

The town of Waterford won the beef cattle judging and DeKalb won the dairy judging.

The local boys made the trip to Champaign in two cars, belonging to Tommy Buckthorpe and Armour Atkins. The trip home was made in remarkably good time, about five hours. They came from Springfield to this city in one hour and five minutes.

**JOHN K. FURRY GOES TO GROCERS CONVENTION**

John K. Furry left over the Hummer this morning for St. Paul, Minn., where he will attend the convention of the National Association of Retail Grocers. Delegates to the convention will be entertained all day today in Chicago by the Grocers' association there, and tonight will leave on a special train over the Chicago Northwestern for St. Paul.

The convention will cover a period of four days and an excellent program has been arranged, a large number of prominent men from various parts of the U. S. appearing on the program. There will be a number of social features in addition to the business sessions, and altogether the visitors will have an interesting time in St. Paul.

### WILL AGAIN RECEIPT SPECIAL DELIVERY MAIL

Government Announces That Giving of Receipts for Special Delivery Letters Will be Resumed July 1st—Method of Procedure Explained.

On and after July 1st receipts will again be taken for all special delivery mail.

This announcement was made a few days ago by John H. Bartlett, First Assistant Postmaster General. It is the desire and intention of the postoffice department to make the special delivery service what its name implies, real special service.

The special-delivery system is designed to expedite not to safeguard mail. The registry system is provided to insure safety and all mail containing currency or articles of value should be registered or insured.

The new departure in taking receipts for all special delivery mail is believed to be in the interest of better service.

In order to give the new special delivery service greater value to the public the following method of handling such mail will be effective July first.

Postmasters shall, immediately after opening the mails and upon receipt of local or drop matter in the postoffice, separate the matter bearing special delivery stamps, and impress with the receiving stamp of the office and the date and hour when the matter arrives.

When special delivery matter is sent C. O. D. or registered the usual C. O. D. or registry receipt shall be taken and all other requirements of the registry system and the C. O. D. regulations shall be observed, but no special delivery receipt need be taken.

Each messenger shall be furnished with a delivery book, in which shall be entered the address of each piece of matter received for delivery; the date and hour of its receipt by the messenger and the time of delivery by messenger.

When, because of the fact that the address is temporarily not in and no person is in to receive mail, personal delivery cannot be effected and a receipt taken, special delivery ordinary mail may be placed in the usual mail receptacle, including door slots, on the reasonable assumption that the addressee will shortly return and that such a course would be preferable to returning the mail to the postoffice.

Messengers are cautioned to exercise care that mail is not left in receptacles at offices, houses or apartments where the occupants are away for more than a few hours or a day. The messenger must use his own judgment in dealing with such cases.

When no one responds to the repeated ring of the bell or knocking on the door, the messenger may deposit the mail in the receptacle, or door slot, only after determining thru close observation of the premises and suitable inquiry that the occupants are only temporarily absent, for a day or less.

When special delivery mail is left in the receptacle after observing the foregoing precautions, the messenger will note in the proper space on the receipt from the time of such action and the reason why he felt justified in leaving the mail. He will also place under the door a notice showing that there is a letter in the receptacle, except in cases where door slot is used.

Where there is no receptacle a notice will be left informing the addressee of the attempted delivery, and that the mail can be obtained by calling at the office prior to the next delivery by carrier.

If the article, the delivery of which has been attempted, is marked or known to be perishable the employee making the attempt at delivery shall write across the fact of the notice "perishable."

Immediately upon the inability to make personal delivery as per the foregoing, special delivery matter becomes ordinary mail, and where there is no receptacle, such mail shall be returned to the postoffice and delivered by the regular carrier on the next trip immediately following such return.

### MAP SHOWS LOCATION OF HOG PENS IN CITY

Health Department Prepares Map Showing Location of Hog Pens Within City Limits—Sanitary Survey Nears Completion

The sanitary survey which the health department is making in the city will be practically completed by the end of the present month. The survey has been in progress for the past several months at intervals, the work having been interrupted at times because of more pressing work in the department. The survey has been completed in three wards and in the fourth is half done, so that it is safe to say that it will be finished by July 1.

The survey has been conducted along scientific lines and when it is completed the results will be tabulated and used as the basis for a definite sanitary improvement program. Various items of interest will be graphically represented by spot maps and other devices.

The first item to be taken from the survey is the location of the hog pens throughout the city. The health officer has prepared a map which furnishes a graphic picture of the actual conditions so far as the hog pens within the city limits are concerned. On this map, which is now on display in the window of the Journal office, a pin indicates the location of each hog pen within the limits of the city.

The hog pen statistics as indicated by the survey are given below:

First ward—33 pens, 96 hogs.  
Second ward—22 pens, 67 hogs.  
Third ward—29 pens, 133 hogs.  
Fourth ward—21 pens, 148 hogs.

Total number of hogs within city limits, 444.

The health department will be glad to give more specific information about the map if called upon to do so.

### FARM COLONY WILL BE ESTABLISHED

Jacksonville State Hospital to Acquire Tract of Land From Mrs. Minnie Robertson.

While the transaction has not been wholly completed Mrs. Minnie Robertson is understood to have made a contract for the sale of 117 acres of land to the state of Illinois for Jacksonville State hospital.

Dr. E. L. Hill, managing officer, said yesterday that the transaction had not been completed but had the approval of the proper state department and that the land had been passed on by the head farmer.

About 20 acres of this land fronts on Lincoln avenue and the remainder lies to the west. The purpose was to secure land as close to the hospital grounds as possible. Some of the feeding operations that have been conducted at the state hospital will be removed to this farm and so taken outside the city limits.

It is expected that in the course of the next year or two that a building will be erected on the land and a farm colony established there.

### FRANKLIN MUSIC CLUB MET SATURDAY

The Franklin Music club held a regular meeting Saturday afternoon at the home of Miss Grace Hill in Franklin. Several of the members are away and the attendance was not as large as is ordinarily the case. The program carried out during the afternoon was as follows:

Piano selections: Waltz, Op. 34 (Chopin); Summer Night, (Binet)—Miss Eloise Calhoun.

Paper, "The Soul of Poland in Music"—Mrs. Arthur Henderson.

Readings, "Mrs. Lofly and I," "Miss Malindy Sings"—Miss Margaret Camm.

Piano selections, The Butterfly (Merkel); Hungarian Dance No. 6 (Spindler)—Miss Eloise Calhoun.

A social hour and a business session followed the program, and it was decided to put on a sample sale next Saturday, June 30.

**MISS ENGEL TO GRADUATE**  
Cards have been received in the city announcing the commencement exercises of the Carl Schurz high school in Chicago on June 28, 1923. Miss Helen Engel, a granddaughter of Mrs. L. E. Engel of East Court street, is one of the graduates. The young lady is a daughter of Mr. and Mrs. Louis Engel, former residents of Jacksonville.

Mr. and Mrs. Harry Cobb who were former residents of Jacksonville arrived in the city from their home in Springfield for a visit with relatives and friends.

### SHOWS FINE PROFIT ON CATTLE FEEDING

A Record Made Recently by One Morgan County Feeder.

These are not encouraging days for farmers as grain prices are unsatisfactory and the hog market has been very much demoralized. However, there have been some instances of successful and profitable cattle feeding.

One such instance came to notice the past week altho the livestock man and land owner who had carried on the cattle feeding operations does not wish his name used.

These are the facts. Along last January or February Mr. Feeder purchased about 70 head of cattle, averaging in weight 950 pounds, at a price of \$4 per

100. They were fed a little corn and some molasses feed and later were turned into a good blue grass pasture. Recently they went on the market averaging in weight 1341 pounds and sold at a price of \$9.50 per 100.

It doesn't take very much figuring to show that this was a record transaction in cattle feeding. The livestock man who could turn a deal of this kind often would soon be in the millionaire class. This feeder, it can be stated, has not always been as successful as in this instance, altho he has been feeding cattle regularly for the past 15 or 20 years and has been a consistent money maker.

Mrs. John Johnson and daughter Rowena were Saturday shoppers from Joy Prairie.

### HOSPITAL PLANNING BENEFIT BAZAR

On next Thursday afternoon and evening a bazar will be held at the State Hospital for the sale of fancy work, toys, baskets and other articles which were all manufactured at the Hospital and the Vocational Training Center.

The proceeds will be added to the fund for the entertainment of the patients during the 4th of July celebration.

Not only will the articles be of fine quality and well worth the prices that will be asked, but the cause is one of the most worthy and should have the assistance of the people in general in this community.

Spencer Smith motored to the city from his home in Concord yesterday.

## ORGANIZED LABOR WILL BE BACK OF AMERICAN LEGION

**President of Illinois Federation of Labor  
Makes This Prediction—Says That Leg-  
ion Constitution Has Nothing That Labor  
Cannot Support—Praises its Many Acts**

SPRINGFIELD.—Organized labor will be back of the American Legion 100 per cent, John H. Walker, president of the Illinois State Federation of Labor predicted here recently in announcing that he expected to call the attention of his executive board to the amicable relations between labor and the Legion.

There is nothing in the Legion constitution that labor cannot support, Mr. Walker stated, adding that unionism is indebted to the Legion for at least two great accomplishments.

"By the fight the Legion waged against unrestricted immigration, it prevented the dumping of foreign hordes upon our shores to destroy the standard of living and wages. No union man can help but feel grateful for this."

"It also was the determined influence of the Legion against the sales tax that defeated this measure. This tax would have meant that people would not have been taxed in proportion to their wealth, as is now the case, but every laboring man out of work would have had to pay a tax for food dished out to him in a bread line."

In addressing a meeting of Legion commanders, President Walker showed how much a part of one another the Legion and Federation are by using some figures.

"In the last war," he said, "there were 680,000 American fighters bearing union cards. But if there had not been a trade unionist in that war, union men could not help but stand for the same principles that are contained in your constitution."

"In the last year your national commander made an address at our national convention, and our president made an address at your convention. I recommend to you men a careful reading of

## BUSINESS THIS FALL

**Roger W. Babson Takes Readings of  
Current Barometers**

WELLESLEY HILLS, Mass., June 22, 1923.—Roger W. Babson was questioned today as to a concrete analysis of the business barometers that determine the degree of our future prosperity.

"Business and the stock market have been suffering from psychological depressions during the past six weeks," says Mr. Babson. "Many are expecting a repetition of the decline of 1920 in general activity, while others are certain that security values are going to places. It is not at all hard to gather such impressions if you listen to current comment and market gossip. If we turn to the actual facts on the situation, however, we find things are not as bad as reported. Let us examine the leading barometers of business."

"1. PRICES: Commodity prices climbing rapidly reached a point almost 200 per cent above pre-war levels before they broke in 1920. Their present position is only 78 per cent above normal and this level has been reached by a moderate, orderly rise. Farm products are but 79 per cent above the 1919 average. 1900-1919 compared with the inflation of 250 per cent made in 1920. There is nothing dangerous in the commodity situation. There is certainly no ground for fear of another decline such as we suffered during the year beginning 1920."

"2. FAILURES: Contrary to popular belief a minimum of failures is a bad sign, while a large number of failures show that business is cleaning house and points to better times ahead. During 1919 and early in 1920 the percentage of business failures ran at the lowest level reached since they have been recorded. Both number and the liabilities of failures at present are running heavy. This, together with the liquidation of the past two years is pretty good evidence that fundamental business condition are growing more sound."

"3. CREDIT CONDITIONS: At the peak of the recent boom the National Banks had over \$12,415,000,000 on loan. Today they are loaning a little more than \$11,500,000,000. In 1920 they were borrowing heavily from the Federal Reserve Banks and were straining all reserves to the limit. Whereas their discounts were \$2,827,000,000 in 1920, they are today borrowing but \$730,000,000. Money is plentiful. Reserves are strong. There is no danger that banks will be forced to cut down loans and slow up business in order to protect their reserves."

"4. IMPORTS: Though not as great as in 1920, our imports are gaining ground very rapidly. For the immediate outlook this is an unfavorable factor. From a long swing point of view these purchases abroad constitute a favorable factor. Eventually Europe can pay interest and principal only in goods. Increasing imports at this time tend to relieve the strain on Europe which is the weakest link in the business chain today."

"5. EXPORTS: The export situation, though better than 1913 or 1915, is not particularly favorable. Although better than last year I should still classify the export situation as one of the few unfavorable conditions."

"6. MONEY RATES: A business man can now finance his needs at 5 per cent compared with as high as 8 per cent which ruled during a part of 1920. It looks as though plenty of money can be available on this basis for some time to come."

"7. TRANSPORTATION: The situation is more favorable than it has been for several years. In 1920 there was a car shortage which mounted to a peak in October. Demands at that time called for 147,000 more cars than were available. Today we are breaking all records in the number of car loadings. The shortage of last fall has been practically eliminated. There should be no immediate serious congestion of freight."

"8. WAGES: Wages have shown some advance, particularly in the building trades. This is due largely to immigration restrictions."

Wages in general, however, are much below the 1920 peak. Certainly there was no inefficiency than there was at that time. Any increases in cost due to wage advances will, of course, handicap business."

"9. STEEL PRODUCTION: The unfilled tonnage in the United States Steel Corporation now stands at 7,000,000 tons compared with 11,000,000 in 1920. The present level is very satisfactory and shows that buyers are not pyramiding orders but are following the conservative policies."

"10. GOLD MOVEMENTS: The increased imports probably will necessitate some movement of gold from this country, but our present reserves can stand it easily. In fact, the tremendous gold supply which really does not belong here is a constant temptation toward inflation."

"11. BUILDING: The combined greed of worker and employer in the building trades has set the brakes on the building boom. From the point of view of immediate volume of trade, this is an unfavorable factor. From a long swing point of view, however, it is not at all discouraging. The industry is rapidly becoming inflated and the necessary building, to a time and it will be more active."

"It does not take a statistician to total our score. A few of our barometers may be considered unfavorable. The majority are not unfavorable. General business," concluded Mr. Babson "is in a healthy position at about one per cent above normal. The figures clearly indicate good business for the most of 1923."

## FUTURE POLICY ON BUS LINES

**Believe Supreme Court Decision  
Has Settled for All Time Policy  
of State at the Operation on  
Hard Roads.**

SPRINGFIELD. — (By the A. P.)—The Future Policy of the state toward proposed bus lines on the hard roads is believed by state officials to have been enunciated by the state supreme court in the case against the Smith Bus line which has been operating since 1920 between Aurora and Elgin. The decision of the court sets aside an order of the Illinois Commerce Commission authorizing the bus line to operate between the two cities.

A companion case was that the West Suburban Transportation company vs. the Chicago and West Towns Railway company, in which the decision was virtually the same.

In both cases the court held that the certificates of convenience and necessity to operate bus lines were improperly granted because there was no necessity for additional transportation systems in the districts in question.

The language of Justice Floyd E. Thompson in the Smith bus decision is said by state officials to define what may become the future attitude toward the rapidly growing passenger bus business in this state. Justice Thompson said:

"The railroads in this country have kept pace with the industrial development and the population increase, and the prosperity of the nation has been due to a large extent to the steady expansion of the transportation system. These transportation systems are entitled to protection from irresponsible competition."

"If shoestring transportation companies, with no money invested in right of way and no reserve capital to provide adequate service or to protect the public from damage, are permitted to drop in here and there and take the cream of the transportation business from the permanent transportation systems, disastrous results are inevitable. If the permanent highway built at the expense of the people are destroyed, these irresponsible bus lines, that profess to serve public convenience and to supply public necessity, will leave the public to walk or to provide other transportation facilities. Orders of the public authorities to furnish adequate transportation facilities would be unavailing, because the bus lines would be wholly incapable of complying with the order."

## NET PROFIT OF FIVE PER CENT ON CORN

**Only One of Four Crops—Corn,  
Wheat, Oats and Soybeans—To  
Show That Much Profit.**

URBANA.—(By the A. P.)—Corn was the only one of four Illinois crops—wheat, oats, soybeans and corn—which showed a net profit when five per cent interest on \$250 land was charged as an expense of production, according to the records kept by the University of Illinois on 13 farms in Champaign and Piatt counties last year. The profit on corn was 19 cents per acre, while the loss on wheat was \$1.70 per acre, the loss on soybeans \$4.59 per acre and the loss on oats \$9.60.

These cost accounts included 1030 acres of corn, 183 acres of soybeans, 405 acres of winter wheat, and 645 acres of oats.

"However," says a statement by the farm mechanics department of the University, "before passing judgment on the merits of the above crops a number of factors must be considered. Soybeans were grown on a comparatively small acreage. The yield was low, only 15.3 bushels per acre. No doubt the lack of experience in growing soybeans, and unfavorable conditions during 1922 were largely responsible for the low yields. They were credited to the field at \$1.15 per bushel and corn at \$5.60. On the basis of these prices and the above expenses, soybeans yielded 20 bushels would return profit per acre slightly above the profit from corn. Since soybeans compete with corn for labor to a greater extent than wheat and oats, they must come nearer to showing the same profit as corn if they are to secure a permanent place in the rotation. Factors such as effect on soil fertility must, of course, be considered."

Wheat was credited to the fields at \$3.95 per bushel. This is below its normal ratio to corn. On the basis of a 60 year price average, wheat sells at \$1.033 when corn is \$5.56 per bushel. Thus, with average prices prevailing, wheat yielding one half as many bushels per acre as corn would give the same net return. Furthermore, wheat does not compete with corn for labor except at harvest time.

"Oats were credited to the field

at \$2.27 per bushel. With corn at \$5.56 the 60 year ratio of oats and corn would give a price of \$3.666 for oats. At this price it would have required 50 bushels of oats per acre in order to give the same profit as corn yielding 43 bushels."

**Governor General Wood Takes Steps to  
Bring About Economic Development of  
the Mountain Province—Says They Have  
Desperate Struggle for a Bare Existence**

MANILA.—Governor General Wood has taken steps to bring about the economic development of the Mountain Province where the people, who belong to the non-Christian tribes, are engaged in what the chief executive terms "a desperate struggle for a bare existence." In a communication to Jose Sanvictores, director of the bureau of non-Christian tribes, General Wood asks that a plan be prepared which would eliminate the handicaps to the economic improvement of those regions.

The governor's communication to Mr. Sanvictores is based on a report submitted by Lieutenant Colonel Gordon Johnston, a member of the governor's staff, who has just made an inspection of the Mountain Province in company with Colonel Edward L. Munson, United States army.

General Wood in his communication says:

"I have always been very much concerned about the economic development of these people. In the course of 2,000 years they have been able to reclaim from their mountains a limited area of land to which water can be brought. In past years feudal strife between settlements and settlements and tribes, as well as a very high death rate, prevented undue increase in population."

"However, with the restoration of law and order and the development of hygiene, sanitation, services of hospitals and doctors, the population has been continually increasing without a corresponding increase of arable land. At present the mass of population is engaged in a desperate struggle for bare existence. In the majority of districts there is not sufficient rice, and the people eke out a very meager existence with sweet potatoes. They lack clothing, proper shelter, salt and the tools necessary in their labor. I am informed that prices for necessities in the stores throughout the Mountain Province average from 200 to 1,000 per cent above those that prevail in the nearby lowlands."

The governor general recommends that means of prompting trade between the mountain people and the inhabitants of the lowlands be created and that intercommunication be encouraged.

Thomas Lacy and son of Littery spent Saturday in Jacksonville on business.

### LONELY ISLAND RESIDENTS LOOK ASKANCE AT RADIO

ST. KILDA, Outer Hebrides. — Although cut off from civilization since last August, for no steamer is able to fight its way thru the storm and fog during the autumn and winter months, the 75 lonely inhabitants of this island look askance at the telegraph and will not use the wireless station which was built here during the war by the British.

Recently the West Highland steamer Hebrides sailed from the island of Lewis, the largest and most northerly of the Hebrides group, and thus broke St. Kilda's nine months' solitude by taking to it mails, provisions and other necessities.

During their isolated months the islanders send their letters to Lewis in a novel and remarkable way. They put them in a tin canister in sheepskin buoys and launch them when there is a gale of northwest wind. Sometimes the buoys get blown out of their course and take the letters thousands of miles, but very often they cross the 60 miles stretch of sea to Lewis island safely, and are then posted from that place.

### YELLOWSTONE NATIONAL PARK

(By Emerson Hough)

HAND ETCHED BY Y. L. SODERBERG FOR NORTHERN PACIFIC R.R.

Our great National parks are sections of the old American wilderness preserved practically unchanged. They are as valuable, acre for acre, as the richest farmlands. They feed the spirit, the soul, the character of America.

Who can measure the value, even today, of a great national reserve such as the Yellowstone Park? In 20 years we shall have no wild America. The old days are gone forever. Their memories are ours personally. We ought personally to understand, to know, to prize and cherish them.

Yellowstone, of all the National Parks, is the wildest and most universal in its appeal. There is more to see there—more different sorts of things, more natural wonders, more strange and curious things, more scope, more variety—a longer list of astonishing sights—than any half dozen of the other parks combined could offer. Daily new, always strange, ever full of change, it is Nature's wonder park. It is the most human and the most popular of all the parks.

But Yellowstone is more, and very much more, than that, especially in its new and vastly enlarged form today. As it is now constituted, it is the noblest sweep of unspoiled and yet fully accessible mountain country to be found within our National Park limits. Here, indeed, you may see the Rockies and as you look there will arise in your soul the phrase, "As it was in the beginning!" Happily also follows the remainder of the choral chant, "Is now, and ever shall be!" What price can you put on that?

Yellowstone is at once the easiest, the most feasible, the most human of all the parks, and also the wildest and most unchanged.

No other park and no other mountain region within our borders, holds such numbers, or such numbers of species, of native American big game.

The bears of Yellowstone have made it famous, as has its gorgeous Canyon. Its vast elk herds—the last hope of that species in America—have no like anywhere in our country now.

The bighorn sheep, rarest and wildest of our big game animals, still lives its old life there. The wise and busy beaver builds its dams as it always did. The antelope still may be seen, shadowy, fleet. The two species of American deer still thrive. Lastly, there still are to be seen some hundreds of the noblest of all our wild animals, the bison; a herd, larger now than it was when, in the winter of 1894, the writer of these lines explored Yellowstone Park on ski and made public the danger then existing of the extinction of the wild bison at the hands of ruthless winter hunters.

Who can measure the value of these native treasures? Where else can you see them? What other country, what other printed page, can teach you so much as a week's reading of Nature's page here?

And you can travel and live in perfect comfort! That is almost the most astonishing thing about Yellowstone. You can photograph a wild bear and eat a course dinner within the same hour. You can see a herd of buffalo from your seat in a comfortable touring car. You can see the Canyon and geysers and the Grand Tetons and a dozen bold mountain lakes and streams and yet sleep as good a bed as you left at home. Literally, the world has nothing like this. Other parks have one attraction, several; but none has all these. And no discomfort or danger or weariness will mar your day's delights.

I know the Yellowstone—why should I not, who have seen its last corners, summer and winter. I have fought for its elk, its buffalo, its trout, its wondrous boundaries. I know it and love it all. So will you love it when you

### COKE OFFICIAL VISITS IN CITY

Mr. and Mrs. Ben Winship of Steelton, Penn., were in the city Friday visiting with C. P. Joy. Mr. Winship is superintendent of the coke plant of the Bethlehem Steel works at Steelton and he and Mrs. Winship have been in Illinois visiting relatives. They drove down from Joliet enroute home as Mr. Winship wished to see Mr. Joy who had a managerial position with the steel company during the years 1917 to 1919 when the two men became great friends.

This is the Winships first visit to Jacksonville and they expressed themselves as greatly impressed with the natural beauty of the city and its evident prosperity and business activity. He also complimented Mr. Joy on the manner in which he had equipped the mechanical portion of his garage, stating that it was the most thoroughly equipped of any shop he had met enroute.

The Winships are traveling in a Packard Single Six.

### Shopping or Walking in High Heels

It is very tiresome, and in time ruins the shape of the feet. Women have learned that, and are now taking to Princess Pats, because they have all the comfort qualities a walking shoe should have and yet are trim and really good to look at.

Princess Pat, exclusively Walk-Over, comes in oxfords and high shoes.

## A STORY OF TRAVEL

(By Dr. James Williamson)

The following from Dr. James Williamson will be read with interest. He was for years a resident of this city and is a nephew of the late James Williamson, the veteran grocer, and cousin of J. J. Shreve, the West Side druggist to whom the letter was written.

Dr. Williamson's wife died, his children were in homes of their own and he decided to give up the practice he had successfully followed for years in Philadelphia and undertake a seafaring life and was appointed surgeon on the steamship "Calaveras" of the United Fruit Company and his letter was written while on the Caribbean Sea. He said in part:

"My first duty was to give a medical examination to 150 men signing for the voyage and it was no small matter. Every one on the ship gave me a hearty welcome and tried to make things as pleasant as possible for me. The Fruit company owns and leases 71 ships. My ship is 487 feet long and 55 feet wide. During the World war it was used by the government and carried 1,500 soldiers beside quantities of beef and provisions in the refrigerators.

"My duties consist of efforts to keep all in good physical condition, and guard against taking passengers who might not be eligible to landing at their desired port of destination. My quarters are commodious and equipment of medicines and supplies excellent.

"Of course we have some sea sickness and often no complaint is made as the sufferers seem to think it incurable but have found a solution of benzyl benzoate, 15 drop doses in two tablespoonsful of water every hour for four hours and then every two or three hours beneficial. Here is our cruise. We start January 2nd. The ship has been thoroughly cleaned and is heated by steam. The passengers begin to arrive, wrapped in furs and have red noses and weeping eyes. As we start away the passengers gather about the

steam coils in the various places assigned them looking rather forlorn. Sunday the weather is warmer and Monday all are jumping on deck chairs and receive an order from the captain for white uniforms and we know we are in the region of perpetually warm weather.

"Next time we start in July when all are 'het up.' Large trans-Atlantic steamers drop down the river in a kind of parade. At last our cargo is all aboard, the hatches are closed, visitors warned ashore and as we start down the river it is a glorious feeling. We pass Battery Park filled with people to watch the procession of ships and pass out into the bay. Then come the Atlantic Highlands, Long Beach, Asbury Park, Ocean Grove and other resorts. About six p. m. we are opposite Atlantic City and at noon Sunday we pass Diamond Shoals Light, 10 miles off Cape Hatteras, cross the gulf stream and keep outside of it to avoid adverse currents, cross it again, and finally reach the Florida coast and can see the pleasure seekers at Palm Beach, the hotels and other buildings.

"Later we pass Miami and the Florida Keys, making one think of links of sausage, and strike for Havana. Dancing and various pastimes occupy the hours till bedtime and all turn in so as to be up early next morning. "We arrive at Havana at seven and sail up the harbor which is skirted by low, green hills that slope down to the water's edge. The entrance is guarded by Moro Castle and other fortifications but they have no terrors for us. We tie up and the Fruit company's pier, near where the "Maine" was blown up, are inspected, by a health official and permitted to go ashore.

"Havana is a quaint, old city with narrow streets and walks so that autos can only pass each other with greatest care, but generally traffic is allowed only one way. The newer parts have finer houses generally of brick, covered with concrete and painted light yellow or white. There are lovely tropical plants and trees in the yards but no grass. The Mallon is an ocean boulevard extending along the coast in a crescent shape for three miles and when illuminated at night with electric lights present a beautiful appearance. Where it begins is a stand on which a fine band plays. Seats are all about and are at five cents each for the evening. The Prado is another boulevard about a mile long, beginning opposite Moro Castle and terminating in a small park.

"Havana cigars are all supposed to be good but they are not. If one is willing to pay 24 cents each he can get a pretty good smoke but the cheaper grades are poor stuff. I buy some of a man who brings them aboard the ship. He says they are made by his father and I pay him \$1.25 for a box of 25 and after being kept for two weeks they are pretty good.

"A popular game is Jai Alai, pronounced Hi Li. It is played in a granite court 210 feet long and 60 feet wide and is quite exciting. It somewhat resembles hand ball and is witnessed by many spectators. The Cubans are inveterate gamblers and loafers. They have good moving picture shows but they are not very well patronized because there is nothing in them on which to bet.

"We leave Havana Saturday afternoon and about midnight pass the Cape San Antonio lighthouse on the extreme southwestern point of Cuba and enter the Caribbean sea for Cristobal. We pass Old Providence, an island of volcanic origin eight miles long and looking like a huge mass of black lava. We arrive at Cristobal at seven in the morning and are again on United States soil as the government owns everything on the zone and permits no private business there.

"We are not far from the entrance of the canal and can see ships enter and depart. It looks like the mouth of the Schuykill. We leave Cristobal and arrive next at Port Limon, Costa Rica. A half mile up the coast the Fruit company has a hospital with 150 beds and a wireless station, both surrounded by lovely coconut palm trees. They have also built a number of houses for their people and community houses which are a redeeming feature of the enterprise.

"The company owns a railroad that runs 100 miles to San Jose, capital of Costa Rica. It is a wonderful line, passing along a level country for a while and then winding up the side of the mountain over gorges, on the edges of precipices and in all manner of wild conditions while the mountain is covered with lovely verdure of all kinds. At San Jose cool night make blankets comfortable.

"At Port Limon, bananas, from 40,000 to 60,000 bunches at a time, are loaded on the steamers. The fruit is carried by negroes to the loaders which elevate them to the deck of the ship and lower them to the hold. The bananas are cut Friday p. m. loading begins at midnight and is finished by Saturday p. m. The temperature of the hold and the quality of the atmosphere are carefully guarded, so that the fruit may arrive in good condition.

"Returning the ship touches at Cristobal and Havana and keeps in the gulf stream this time to take advantage of the current, which has been estimated at a hundred miles a day so that the time from Havana to New York is but three days. Notwithstanding

## Diamond Grove Memorial Mausoleum

Proportion, permanency and protection—three absolutely necessary qualifications to a Memorial of this character, and outstanding in detail are the two former needs in the original of the above, a likeness of Diamond Grove Memorial, which is on display in the window of the Journal office.

It is our wish that you will avail yourself of the opportunity to thus visualize the hope we have to erect for Jacksonville, a Memorial above comparison to others than cities many times its size.

Of pure Gothic architecture, the absence of cause for decay is manifest in its every line, being constructed entirely of stone, steel reinforced concrete, marble, bronze and copper, the most lasting materials known to modern building science, and having a fund for its endowment, the income from which will forever maintain it, it will stand for centuries and centuries, ever a mark of growth in sentiment, rather than a moral insensibility of our duty towards humankind. Your failure to secure space in Diamond Grove Memorial at this time may mean to you the difference between a life of happy contentment and one of miserable regret.

Choose before it is too late.

# Roll the Clouds Away

The car-owning public have all too long "hung crape" on the repair business.

In the long run repairing and maintenance will be the salvation of automobile driving. Cars will never be produced that run forever without expert care.

Just because regrinders and repair men have to do with hard-used, badly misused cars, is no reason why their business should be regarded as low and degrading.

The physician who works over badly diseased bodies, or the dentist who works over foul mouths and decayed teeth has the respect of the public.

To take an abused engine (ready for the junk as some would say) and to put it back into first class working condition, there is glory and satisfaction in it.

It isn't everyone that can do reconstructive work of such a delicate nature.

It always has been and always will be the man who can make something out of nothing, who wins the plaudits and praise of the public.

The first union service of the summer months will be held on the Conservatory of Music Lawn. We would be glad to see this first union service well attended by our people. Sunday school at 9:30 a. m. William Bieber, superintendent. There was a great increase in attendance last Sunday. Let's have a greater this Sunday. The last of the Educational Lectures will be given on Wednesday evening. The subject will be: "Navajo Land." We are to spend the evening "Somewhere in the Navajo Land" and though we may journey far out on the sandy stretches of the desert, this towering rock will always guide us safely home. "Navajo Land" is the largest Indian Reservation in the United States. This lecture is illustrated with 68 beautifully colored slides. The Sewing Circle will meet Wednesday afternoon. Be sure and be at the morning service.

Centenary Methodist Church—C. D. Robertson, pastor. Sunday school at 9:30 a. m. A. C. Metcalf, superintendent. A class for everyone, and a most cordial welcome for all who come. Morning worship at 10:45. The speaker for the morning will be John Langley representing the Anti-Saloon League. In view of the situation regarding the enforcement of the prohibition laws, no one can afford to remain in ignorance of the conditions and the methods to be used in combating them. Mr. Langley brings the most recent information. The Go-to-church club will have its last meeting for the summer. The subject will be a story, "The Baked Bible." The picnic will be held at Nichols park, Friday, June 29, from 3 to 5 p. m. All who have attended service ten Sundays during the quarter are guests of the pastor at this picnic. Those who are eligible will meet at the church at 2:30 p. m. and go to the park in the cars which will be provided for them. Games and sports will be held at the park for different groups. WOULD UTILIZE  
JAPANESE TIDES  
Kobe, Japan.—(By the A. P.)—Dr. Okada, of the Kobe Marine Observatory, believes there are great possibilities in the utilization of the rushing tides of the Inland Sea for commercial purposes, and had asked the government to establish a tide station here.

The complicated conformation of the land cause strange irregularities in the tides about the coast of Japan and these Dr. Okada says never have been thoroughly investigated.

# One MILLION Cars

MORE than one million automobiles now have been built and sold by Willys-Overland.

Many of these Overlands and Willys-Knights are playing a tremendous part in the life of our own community—putting our families on swift wheels—multiplying the earning power of our men—lightening the work of our women—carrying our children to school—bringing our people together.

Today's Overland and Willys-Knight cars are the best automobiles Willys-Overland ever built—and are sold at the lowest price. All past achievements are excelled in beauty, comfort and performance—in the giving of real value.

Reflecting such quality, sales this season are the greatest in our history. The public has registered its appreciation of great value.

### WHITE HALL MAN IS SUMMONED BY DEATH

Robert Halbert Passed Away Friday Morning at Eldred, Illinois.—Other News From White Hall.

White Hall, June 22.—Robert Halbert, who went to Eldred six weeks ago for a sojourn, died at 1:30 this morning, caused by dropsy. He had been in failing health for some time. His age was of years. He was unmarried, and since the death of his mother 12 years ago has made his home at White Hall with his brother, George A. Halbert. The attachment between the two brothers has always been a source of inspiration. He was a member of the Baptist church.

Funeral services will be held in the Eldred Baptist church at 2:30 Sunday, and the burial will be in the Richwoods cemetery, northwest of Carrollton, where the Halbert family originally resided, the father being the late Hiram Halbert, who has been dead a great many years.

A. A. Lorton, commander of Culver G. A. R. post, is attending the state encampment at Peoria. The local body is one of the most active in the state, having membership of seventeen. The recent Decoration Day exercises were arranged and carried out under the auspices of this post by the adjutant, G. R. Adams.

Hon. H. P. Lowenstein is here this week from Kansas City. He is going west on a vacation, a rarity in his life activities. His writings are attracting wider interest. He began such in producing stanzas and verse for friends by printing his productions on slips for mailing. His Mothers' Day poem appeared in a Masonic magazine as well as the Illinois State Register, and he says it brought him a number of congratulations.

Ku Klux activities have been quite evident at Hillview with the institution of a Klan last Saturday night at a ceremonial held on the peak of the bluff at the northwest portion of the municipality. The proceedings are believed to have been participated in by Klansmen from Pearl, Pittsfield, Winchester and elsewhere, there being about 150 present.

Mrs. F. N. McLaren is spending much of her time at Milton, Pike county, on account of the frail health of her father, C. E. Bolin, former representative in the legislature from the 26th district. He was 80 years of age on April 29th.

## PAIGE

MOST BEAUTIFUL CAR IN AMERICA

### Broughbred Beauty Performance Stamina

Paige behavior bespeaks the engineering experience behind the car. Never will you find a car more delightful in handling ease than the Paige.

Paige 70 H. P. motor takes you smoothly over the open road at 70 miles an hour or through the traffic crush at 2. Gear shifting is rarely necessary. Then a bare 3-inch movement does it, and the docile Paige clutch engages without stalling or jerking. No dash or missing mar the driving of the veriest novice.

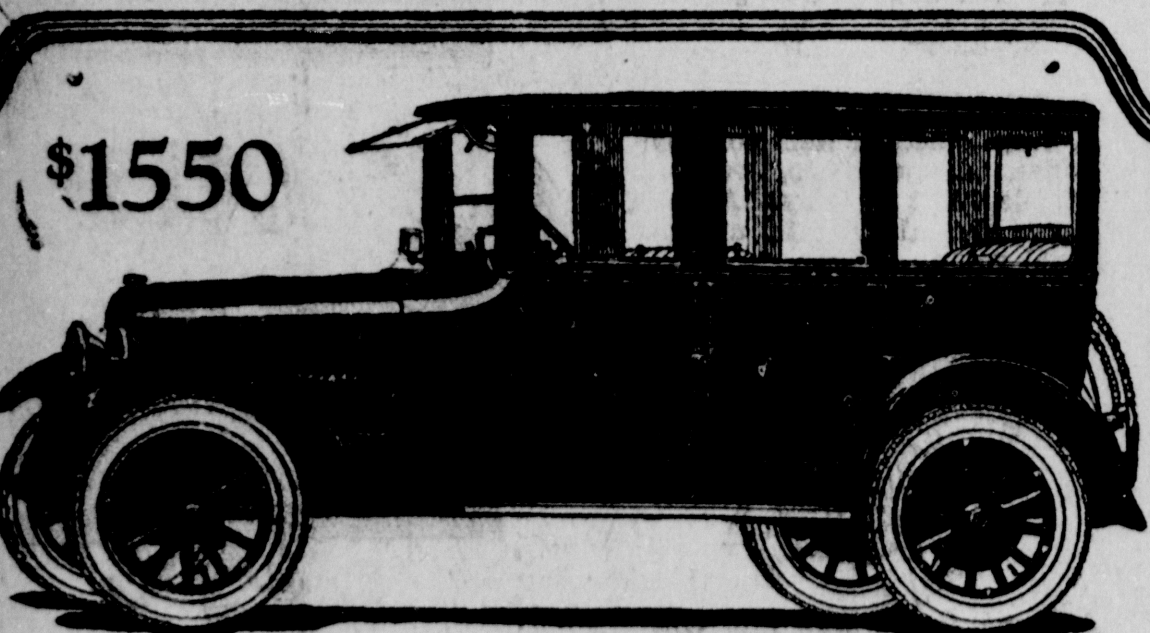

Paige bodies are substantial. Body squeaks and rattles are prevented by double strips of patent leather that keep metal from touching metal or wood. Richness of finish throughout—not a piece of imitation leather in the car. Ample foot room—and deeply cushioned seats, set comfortably low, make restful riding.

Rear springs more than 5 feet long, turn bod roads to good. Easy travel is further assured by 131-inch wheelbase.

Completely equipped—two extra cord tires, rims, tubes, covers, mounted forward on the running boards; stop light; front and rear bumpers; automatic windshield wiper; rear-view mirror; cigar lighter—are a few of the usual extras, that are standard equipment on the Paige.

It is possible to offer this enduring Paige value because the tremendous volume on the Paige-built Jewett has reduced overhead on Paige by hundreds of dollars a car. And it is a value unexcelled. Test it for yourself by seeing and driving this car of fine workmanship. Phone us for a demonstration of unusual car performance.

THE STUDEBAKER LIGHT-SIX SEDAN

## Where Quality Counts Above Everything Else

Quality is more important in an enclosed car than in most any other product in daily use.

Regardless of price, it is not economy to buy a makeshift job in which the quality is skimmed and cheapened at every turn. Paint, imitation leather and fibre board too often cover serious structural defects and cotton-and-wool trimming cloths are short lived. The chances are that the buyer will more than pay the difference later—in higher upkeep cost, frequent repairs and excessive depreciation.

The price of the Light-Six Sedan is the lowest at which it is possible to obtain a substantial, high grade hardwood and steel body, upholstered in mohair, in combination with a chassis of proved dependability and performance.

Studebaker's South Bend plants build more high quality closed bodies than those of any other automobile manufacturer and consequently overhead costs are reduced and the price to the customer is low.

The in-built quality of the Light-Six Sedan is evident the moment one gets behind the wheel, and is appreciated far more after twenty-five or thirty thousand miles of service.

The Light-Six Sedan, with its sturdy four-door body, its improved L-head motor, and the excellence of its chassis, combines distinction of appearance with a reliability of performance, a degree of comfort and economy of operation unknown in any other car at anywhere near its price.

### PAGEANT DETAILS RECEIVE ATTENTION

Committee Meets and Discusses Arrangements for Patriotic Pageant — Outline of Program is Given.

The committee in charge of arrangements for the Fourth of July patriotic pageant met yesterday morning in the Chamber of Commerce rooms. The matter was thoroughly discussed, and it was decided to proceed immediately to select the characters for the various parts. Miss Mathews, the director of the pageant, has already secured the co-operation of a number of patriotic and civic organizations of the city.

The program of the pageant will be as follows:

Signing of the Declaration of Independence.

Entrance of the "Spirit of '76" with colonial soldiers, chiefs of the four Indian tribes, etc., all in costume.

Raising of the first flag in 1777, in which are shown dignitaries and ladies of the Revolutionary period. Band plays "Yankee Doodle," which was then the American national air.

Reading of the Monroe doctrine of 1823, "America for Americans."

Review of the armies which have fought in the great wars thru which the United States has passed. Raising of the Stars and Stripes, with the band playing "Star Spangled Banner."

### KODAKS and FILMS GILBERT'S PHARMACY The Rexall Store

**POLICE ARREST FOUR DISTURBERS OF PEACE**  
Lal Hare, Jim Ball, Bryan Hocking and Eugene Tross were arrested about 3 o'clock yesterday morning by members of the night police force, who found them on East State street apparently somewhat the worse for drink. The men had been in a car and were causing some disturbance in the east end residence section. They were taken to the police station and locked up.

### LEAVE FOR BELLEVILLE, CANADA

Miss Anna M. Kingsley left Friday morning for Belleville, Canada, where she will attend the convention of the teachers of the deaf. From there she will go to the University of Wisconsin where she will take a special course in corrective speech work after which she will visit her brother Arthur Kingsley in Detroit, Michigan. She will also visit other eastern cities before returning home.

**PRODUCE MARKET REVIEW**  
The live poultry market continues weak, quotations dropped to 23 cents on live fowl, and because of the large volume moving, there does not appear to be any hope for immediate improvement. Fresh dressed fowl and frozen poultry are selling at lower prices, in sympathy with the market for live.

Egg receipts are heavy and the market is closing easier with demand light, both for current and storage. Quality is showing the effect of hot weather. To bring best prices, eggs should be gathered daily, kept in a cool place, and marketed frequently.

For the past few weeks the make of butter has been a little under the corresponding week last year, due to the backward season, but it is expected this week's make will exceed that of the same week last year. The quotation on 90 score standards is 38¢ cents at Chicago today as compared with 39¢ cents a week ago, and 35¢ cents a year ago.

During the hot weather it is important to give careful attention to the marketing of cream. Deliveries should be made at least three times weekly, to secure best results.

A supply of Danish and Argentine butter arrived in New York this week.

Swift & Co., Chicago.

### FARM BUREAU NOTES

**Soil Meeting**—The first meeting of the series will be held at Albert Bartelheim's farm northwest of Concord at 7 P. M. Monday. The phosphate plot is north of his home. The Comber test for soil acidity will be demonstrated at this meeting.

**Black Hull Wheat**—The writer recently inspected fields of this variety on the farms of W. G. Richardson, the late C. H. Gibbs, and Clyde Williams. As the grain ripens there is a tendency for the black spots to appear on the chaff giving the characteristic name. At present the fields will compare favorably with that of the local strains of Turkey Red.

**Iowa Oats in Morgan County**—Harold Joy secured the start of these from his classmate H. D. Hughes of Ames, Iowa, the discoverer of Hubam Sweet Clover. Mr. Joy thought last season that this strain stood up better and yielded higher than Iowa 103. W. G. Richardson of the Point neighborhood has a field of the variety this year grown from seed secured from Mr. Joy. This field is the best field of oats visited so far this season.

**RedLetter Pig Club Day**—Kankakee county enrolled 249 members, 84 of whom are girls in a pure bred spring fillet club in one day. The pigs were distributed at an all day picnic attended by 1500 persons. Each member will be visited three times by one of the 249 business men who financed the purchase of the pigs. They have one local club in each township. This enrollment is the result of close cooperation between the Farm Bureau Kankakee, Chamber of Commerce and County superintendent.

Work shoes \$1.98, dress shoes \$4.85. Hopper's.

### SEE BIG FIRE AT ST. LOUIS FRIDAY

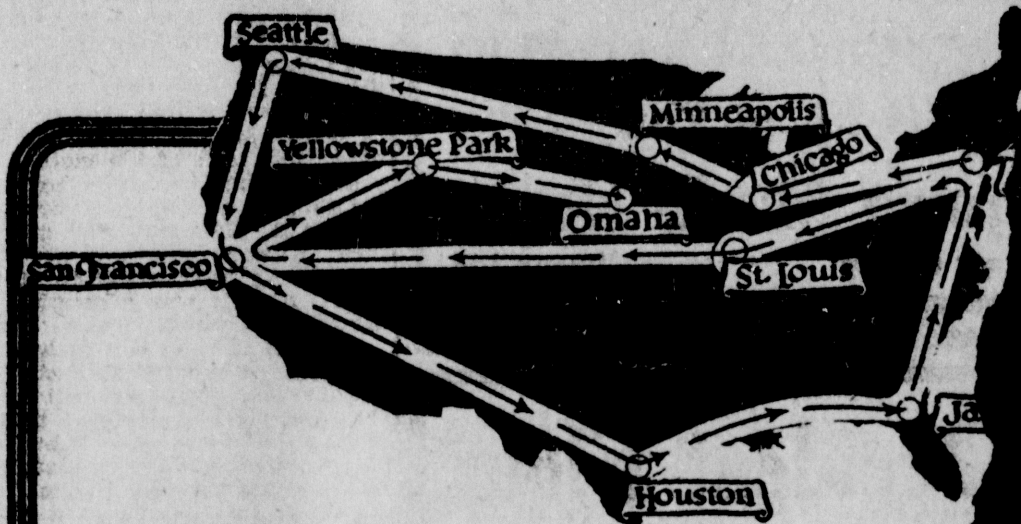

Evan Massey, William Chadwick, Joe Estaque and Walter Massey, were among local residents who visited St. Louis, Friday, making the trip in an auto. They report seeing a mammoth conflagration raging in one of

the high buildings of the business section of the city. Eight or ten fire engines were fighting the flames, as smoke poured from the top stories of the building. Other engines were rushing to the scene from all directions. Cars could not approach within several blocks of the fire.

They also witnessed a collision of two autos, in which one ma-

chine was badly damaged. Apparently no one was hurt.

## The COACH

## Did Closed Cars Too Much Thousands Thought

Prior to the Coach, closed cars on high grade chassis were too costly for most buyers.

A moderate-priced closed car meant a low-priced chassis.

The Coach, for the first time, combined a famous chassis with closed car comforts at moderate price.

That accounts for its wonderful success. More than 50,000 are in service.

The Coach for long, tight and squeaky year round protection for open car comfort. In choosing sure to satisfy your need at a to \$1200.

# To the Citizens of Jacksonville and Vicinity

A Committee of business men and women met in Jacksonville and agreed that Jacksonville and vicinity should raise \$100,000 for Illinois Woman's College to apply on the \$500,000 Movement which is to close as a part of the Illinois Bi-Conference July 3.

We consider this \$100,000 applied on the \$500,000 Movement an investment that will pay big dividends. When this \$100,000 is pledged in Jacksonville vicinity it will assure the gift from the General Education Board and will mean that for every dollar given four will come from the outside.

Illinois Woman's College is one of

Jacksonville's greatest assets. It takes the name of the City to the uttermost ends of the earth. It causes the expenditure of many thousands of dollars here every year. It brings opportunities that come only to a College town.

If everyone will give to his or her limit, now—this week—we believe this Central Illinois enterprise—the Bi-Conference Movement,—throughout the two Conferences, will be a great victory.

This \$100,000 unit for Illinois Woman's College is up to Jacksonville and vicinity—to the man or woman who can give thousands or who can give only a few dollars.
